ASSIGNMENT OF ISSUED PATENTS

WHEREAS Luther Cifers, of 118 N Main Street, Unit 201, Farmville, VA 23901 ("Assignor") is owner of two patents, namely: U.S. Patent Number 9,671,060, issued June 6, 2017, titled Accessory Mounting Track; and U.S. Patent Number 10,563,813, issued Feb. 18, 2020, also titled Accessory Mounting Track. (the "Patents"), and owns all rights, title and interest in and to the Patents, including inventions described therein, and all claims for past, present and/or future infringement thereof.

WHEREAS YakAttack, LLC, a Limited Liability Company of Virginia, having a principal place of business at 100 Industrial Park Rd, Farmville, VA 23901 ("Assignee"), desires to acquire all rights, title and interest in and to the Patents, including inventions described therein, and all claims for past, present and/or future infringement thereof.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby assigns, conveys and transfers to Assignee, and Assignee's successors and assigns, Assignor's entire rights, title and interest in and to the Patents, including all substantial rights, title and interests in the Patents and the inventions described therein for the entire and/or remaining term of the Patents, including all rights to enforcement, income, royalties, damages and payments now due or hereafter due or payable in respect thereto, and all rights of recovery and of legal actions for past, present and/or future infringements, and interference proceedings, reissues and reexaminations involving the Patents.

All substantial rights, title and interests conveyed in this Assignment are to be held and enjoyed by Assignee, and Assignee's successors and assigns, as fully and exclusively as would have been held and enjoyed by Assignee had this assignment not been made, including rights and standing to sue alleged infringers and infringers of the Patents for past, present and future infringement of the Patents, and rights to damages for past, present and future infringement of the Patents.
