ASSIGNMENT

THIS ASSIGNMENT is entered into among:

Frank R.G. Duquesne of Mollenvangerstraat 9, 8550 Zwevegem, Belgium (hereinafter referred to as "the Inventor");

CNH Industrial Belgium nv of Leon Claeysstraat, 3A, B-8210 Zedelgem, Belgium ("Assignor"); and

CNH Industrial America LLC of 500 Diller Avenue, P.O. Box 1895, New Holland, Pennsylvania, 17557-0903, USA ("Entitled Owner").

WHEREAS, the Inventor has invented certain new and useful improvements (hereinafter referred to as "the Inventions") for which an application for Letters Patent (hereinafter referred to as "the Application") has been prepared for filing or has been filed in the United States Patent Office, identified as Application No. **15/671782**, filed **August 8, 2017** and entitled:

Foldable Corn Head

WHEREAS, Entitled Owner is desirous of acquiring the entire right, title, and interest in and to the Inventions, the Application, and any Letters Patent or Patents, United States or foreign, to be obtained therefor and therefrom; and

WHEREAS, Assignor and Entitled Owner have agreed that all rights in and to the Inventions and the Application should be vested in Entitled Owner.

NOW THEREFORE, for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Inventor herewith confirms that he made the Inventions while being in the employ of Assignor in the execution of his normal duties and/or tasks assigned to him, and that, by virtue of the Laws of Belgium and his contract of employment, Assignor is rightfully entitled to the entire right, title, and interest in and to the Inventions, in and to the Application, and in and to any Letters Patent or Patents granted therefor and therefrom in any and all countries, including all divisions, reissues, continuations, reexaminations, inventor's certificates, and extensions therefor, and all right of priority resulting from the filing of the Application (hereinafter collectively referred to as "the Assigned Patent Rights");

AND for the same consideration, the Inventor herewith sells, assigns, transfers, and sets over, unto the Assignor, its successors, legal representatives, and assigns, any remaining right, title, and interest that the Inventor may have in and to the Inventions, in and to the Application, in and to any application for Letters Patent claiming benefit of the Application, including any and all divisions, continuations, and continuations-in-part of the Application, in and to any and all Letters Patent or Patents in the United States and all foreign countries which may be granted therefor and therefrom, in and to any utility models and industrial designs claiming benefit of the Application, in and to any enhancements, improvements, and extensions thereon, any remaining rights that the Inventor may have under the International Convention for the

Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, the Hague Agreement Concerning the International Deposit of Industrial Designs, and all other treaties of like purposes, and any remaining rights of priority that the Inventor may have in and to the Application, the same to be held and enjoyed by the Assignor, for its own use and behoof and the use and behoof of its successors, legal representatives, and assigns, to the full end of the term or terms for which the Letters Patent or Patents may be granted, as fully and entirely as the same would have been held and enjoyed by the Inventor had this sale and assignment not been made (all such rights, title, and interest further included in the "Assigned Patent Rights");

AND for the same consideration, Assignor herewith sells, assigns, transfers, and sets over to Entitled Owner its entire right, title, and interest in and to the Assigned Patent Rights.

AND for the same consideration, the Inventor hereby covenants and agrees to and with the Entitled Owner, its successors, legal representatives, and assigns, that the Inventor shall execute all papers and documents, take all lawful oaths, make all lawful declarations, and do all acts necessary or required to be done for the procurement, protection, maintenance, enforcement, and defense of the Assigned Patent Rights;

This Assignment may be executed in one or more counterparts, each of which shall be considered one and the same Assignment. Delivery of a counterpart by facsimile or e-mail shall be as effective as physical delivery of an original signed counterpart.

The undersigned hereby grant the Entitled Owner, an attorney of the Entitled Owner, or an agent of the Entitled Owner the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent Office or any foreign counterpart thereto for recordation of this document.

IN WITNESS WHEREOF, the Inventor, Assignor, and Entitled Owner have caused this Agreement to be effective on this August 8, 2017.
