PATENT ASSIGNMENT

This Patent Assignment, effective as of July 27, 2020 (this “**Patent Assignment**”), is entered into by and between Busa Beauty Corporation, a New York company (the “**Assignor**”), and RevAir, LLC, an Ohio limited liability company (the “**Assignee**”).

WHEREAS, Assignor owns certain new and useful improvements as described and/or claimed in the issued patent set forth in Schedule A, attached hereto (the “**Patent Document**”);

WHEREAS, as used herein, the “**Inventions**” means: (a) the Patent Document; (b) any inventions which are disclosed but not claimed in the Patent Document; (c) any and all improvements, developments, and modifications to the invention deriving from the Patent Document; (d) any and all continuations, continuations-in-part, requests for continued examination, and all other applications which claim priority to the Patent Document, including but not limited to any and all applications filed pursuant to 37 C.F.R. 1.53; and (e) any and all provisional applications, continuations, requests for continued examination, and all other applications, including but not limited to those applications filed under 37 C.F.R. 1.53, to which the Patent Document claim priority; and

WHEREAS, the Assignor desires to assign and the Assignee desires to accept the entire right, title and interest in the Inventions, and in any Patents obtained therefore and thereon, from Assignor.

NOW, in consideration of that certain Patent Sale Agreement finally executed by the Assignee and Assignor on October 11, 2019, and for other good and valuable consideration received from Assignee, receipt and sufficiency of which is hereby acknowledged, the Assignor assigns and transfers to the Assignee, the Assignor’s entire right, title and interest in the Inventions, and all United States Patents which may be granted on the Inventions, and all reissues, reexaminations and extensions on the Inventions, and all priority rights under all available International Agreements, Treaties and Conventions in every participating country, and all applications for patents (including related rights such as utility-model registrations, inventor’s certificates, and the like) filed for the Inventions in any foreign countries, and all patents granted for the Inventions in any foreign countries, and all reissues, reexaminations and extensions on the Inventions in any foreign country; the Assignor assigns and transfers to the Assignee the right to file applications on the Inventions in the United States and all foreign countries, and the Assignor authorizes and requests the United States Commissioner of Patents and Trademarks, and any officials of foreign countries whose duty it is to issue patents, to issue all patents for the Inventions to the Assignee in accordance with the terms of this Assignment.

For the same consideration, the Assignor covenants that when requested, without charge to, but at the expense of the Assignee, to carry out in good faith the intent and purpose of this Assignment; the Assignor will disclose, or cause to be disclosed, all facts known to the Assignor relating to the Inventions and their histories; the Assignor will testify in all legal proceedings, and do what the Assignee may reasonably consider desirable for aiding in securing, maintaining and enforcing proper patent and intellectual property protection for the Invention.

The Assignor covenants with the Assignee that the Assignor has made no other assignment, grant, mortgage, license or other agreement affecting the rights and property conveyed here, and that the Assignor has full right to convey their entire right, title and interest as expressed in this Assignment.

Assignor does hereby authorize the Director of the United States Patent & Trademark Office, and the empowered officials of all other governments whose duty it is to record patents, applications and title thereto, to record the Patent Rights and title thereto as the property of Assignee, its successors, assigns, or legal representatives in accordance with the terms of this instrument.

Assignor does hereby further authorize and request the Director of the United States Patent and Trademark Office and the empowered officials of all other governments to issue such Patent Rights or patents as shall be granted upon the Patent Rights, or applications based thereon, to Assignee, its successors, assigns, or legal representatives.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]
