ASSIGNMENT

THIS ASSIGNMENT is made the 28 day of February 2018

BETWEEN:

(1) Mark FENN of 17 BLUESHALL WOOD CLOSE, LUTON
BEDEFORDSHIRE LU1 5RT
("the Inventor"), and

(2) **Bright Instrument Co. Limited**, a company formally incorporated and registered in England and Wales with company number 00326019 whose registered office is at 10-14 Accommodation Road, Golders Green, London NW11 8ED ("the Assignee").

WHEREAS

- a) The Inventor has made an invention ("the Invention") entitled: Sectioning Macrotome, which he has disclosed to the Assignee and in respect of which the file number in the records of the Assignee's Patent Attorneys, Saunders & Dolleymore LLP, is: P/26795.GB:PE
- b) The Inventor has agreed to assign his rights in the Invention and the right to apply for and be granted patents, utility models and designs for the Invention to the Assignee as set out below.

NOW THIS DOCUMENT WITNESSES as follows:

1. In pursuance of the said agreement and in consideration of the sum of ten pounds (£10) now paid by the Assignee to the Inventor (receipt of which the Inventor hereby acknowledges), the Inventor, with full title guarantee, HEREBY ASSIGNS unto the Assignee:
 - 1.1 the Invention and the full and exclusive benefit of the Invention;
 - 1.2 the full right to apply for and obtain patents, utility models, designs or other similar forms of protection in respect of the Invention in the United Kingdom and throughout the World;
 - 1.3 the right to make any new patent, utility model or design application or applications in respect of any part or parts of the subject matter of any application or specification filed in connection with the Invention;

1.4 any patents, utility models, designs or other similar forms of protection granted in respect of the Invention;

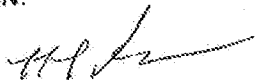

TO HOLD the same unto the Assignee and its successors and assigns absolutely.

2. The Inventor HEREBY COVENANTS with the Assignee that the Inventor and his personal representatives will at the request and expense of the Assignee execute sign and do all such instruments, applications, assignments, other documents, acts and things as may reasonably be required by the Assignee to enable the Assignee (or the nominee of the Assignee) to enjoy the full benefit of the property and rights hereby assigned and (if requested to do so by the Assignee) to apply for any patents or other forms of protection in respect of the Invention throughout the World and fully and effectively to vest the same in the Assignee or as the Assignee shall direct.
3. The Assignee and its successors and assigns shall be under no obligation whatsoever to prosecute any applications for patents or other like privileges in respect of the Invention or any corresponding right anywhere in the World to grant nor, if granted thereafter, to maintain any such granted patent or like privilege for any period of time or at all and shall be entitled to assign, license or otherwise dispose of any such application or any right granted in pursuance thereof or corresponding thereto as and on such terms as the Assignee or its successors or assigns shall in its or their absolute discretion decide.
4. The Inventor undertakes to keep the nature and content of the Invention and any patent application therefor confidential and will not disclose or use the same for any purpose other than the business of the Assignee and its successors and assigns.
5. This Assignment is governed by and shall be interpreted according to the laws of England and Wales.

IN WITNESS of which this Assignment has been executed on behalf of the parties, the day and year first written above.
