This INTELLECTUAL PROPERTY ASSIGNMENT ("Assignment"), effective as of September 22, 2020 ("Effective Date") is entered into by and between Ventex Technology, LLC, a Texas limited liability company ("Assignor"), and Principal Lighting Group, LLC, a Delaware limited liability company ("Assignee").

WHEREAS Assignor has agreed to sell, transfer, convey, assign, deliver and contribute to Assignee intellectual property rights including certain patents and has agreed to execute and deliver this Assignment for recording or filing as proof of transfer of ownership with appropriate governmental or other authorities.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignor and Assignee hereby agree as follows:

Patent Assignment. Assignor hereby transfers and assigns to Assignee, free and clear of all Liens, all of its rights in the patents and patent applications listed on Schedule A1 (collectively, the "Transferred Patents"), including all inventions, patents and patent applications, all letters patent in all countries of the world and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations and renewals thereof, whether or not reduced to practice, and the right to sue and collect damages for past infringement with respect to the foregoing.

Recordation. Assignor consents to the recordation of this Assignment and agrees to, at the request of Assignee and at Assignee's expense, execute and deliver any further documents and legal instruments as may be necessary by any jurisdiction or foreign governmental entity, and do all other things reasonably necessary to perfect in Assignee, its assigns, successors and legal representatives, all right, title and interest in and to the Transferred IP, throughout the world, including without limitation, executing and delivering any and all powers of attorney, applications, assignments, declarations and affidavits.

Severability. It is the desire and intent of the parties hereto that the provisions of this Assignment will be enforced to the fullest extent permissible under the Laws in each jurisdiction in which enforcement is sought. Accordingly, if any particular provision of this Assignment will be determined to be invalid or unenforceable, such provision will be deemed amended to delete therefrom the portion thus determined to be invalid or unenforceable, such deletion to apply to the extent of such invalidity or unenforceability, without affecting in any way the remaining provisions herein only with respect to the operation of such provision in the particular jurisdiction in which such determination is made.

Governing Law. This Assignment shall be governed by the law of the State of Delaware without reference to the choice of law doctrine of such state.

Jurisdiction. Each party irrevocably agrees that any proceeding against it

arising out of or in connection with this Agreement or the transactions contemplated by this Agreement or disputes relating hereto (whether for breach of contract, tortious conduct or otherwise) shall be brought exclusively in any state court located within the State of Texas or any federal court located within the State of Texas, (collectively, the "Designated Courts") and hereby irrevocably accepts and submits to the exclusive jurisdiction and venue of the Designated Courts in personam with respect to any such proceeding and waives to the fullest extent permitted by Law any objection that it may now or hereafter have that any such proceeding has been brought in an inconvenient forum.

Headings. The headings contained in this Assignment are for reference purposes only and shall not affect in any way the meaning and interpretation of this Assignment.

Counterparts. This Assignment may be executed in counterparts, each of which shall be deemed to be an original and all of which shall be deemed to constitute the same Assignment. If any signature is delivered by facsimile transmission or by PDF, such signature shall create a valid and binding obligation of the party executing (or on whose behalf the signature is executed) with the same force and effect as if such facsimile or PDF signature were an original thereof.
