ASSIGNMENT

For a valuable consideration, I, the undersigned, hereby assign and transfer to Novaerus Patents Limited, an Irish company having a principal place of business at Oyster Point, Blackrock Co., Dublin, Ireland, the whole right, title and interest in and to certain inventions or improvements in inventions disclosed in a U.S. patent application of the United States, the U.S. patent application titled "Air Treatment System, Method and Apparatus" and having U.S. Patent Application Serial No. 17/032,076 filed September 25, 2020, and in and to any subsequent United States Letters Patents therefor, when issued, together with all improvements thereon, and betterments thereof, including all divisionals, continuations, continuations-in-part and reissues thereof and substitutions of or for the applications, and any and all foreign patent applications, and all rights and privileges under the Letters Patents that may be granted therefor, including the right to claim the benefit of an earlier filing date for the same inventions in a foreign country.

For the same consideration, I, the undersigned, hereby agree that I will promptly communicate to the aforesaid assignee or its assigns full and complete information concerning the improvements or betterments of the invention(s) disclosed in the application, and will cooperate at any time upon request of the assignee or its assigns, at its expense, in the procurement of patent protection to cover the invention(s) herein assigned and to be assigned, including the execution of new, non-provisional, divisional, continuation, continuation-in-part, and reissue applications; will make all rightful oaths; will testify in any proceedings in the United States Patent Office or in the Courts; and generally will do everything lawfully possible to aid the assignee, its successors, assigns and nominees to obtain, enjoy and enforce proper patent protection for the inventions embraced within the terms of this document.
