**DECLARATION (37 CFR 1.63) FOR UTILITY OR DESIGN APPLICATION USING
AN APPLICATION DATA SHEET (37 CFR 1.76) AND ASSIGNMENT**

Title of Invention	Micro Light Emitting Devices
---------------------------	------------------------------

As the below named inventor, I hereby declare that:

This declaration () The attached application, or
is directed to: (X) United States application or PCT international application number
17/030,674 filed on September 24, 2020.

The above-identified application was made or authorized to be made by me.
I believe that I am the original inventor or an original joint inventor of a claimed invention in the application.
I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001
by fine or imprisonment of not more than five (5) years, or both.
Note to Inventor: 37 C.F.R. § 1.63(c) states: "A person may not execute an oath or declaration for an application
unless that person has reviewed and understands the contents of the application, including the claims, and is aware
of the duty to disclose to the Office all information known to the person to be material to patentability as defined in
§ 1.56."

I hereby sell, assign, and transfer, for good and valuable consideration, the receipt and sufficiency whereof is
hereby acknowledged, to:

Lumileds Holding B.V.

(Name of Assignee)
of Evert van de Beekstraat 1 The Base, Tower B5 unit 107, Schipol, NL 1118CL
(address of Assignee)

its successors or assigns (hereinafter designated as the Assignee) my entire right, title and interest for the United
States as defined in 35 USC § 100 in and to all inventions and improvements disclosed in the aforesaid application,
and in and to the said application, all divisions, continuations, continuations-in-part, or renewals thereof, all Letters
Patent which may be granted there from, and all reissues or extensions of such patents, and in and to any and all
applications which have been or shall be filed in the U.S. for Letters Patent on the said inventions and
improvements, including an assignment of all rights under the provisions of the International Convention; and I do
hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all United States
Letters Patent for the aforesaid inventions and improvements to the said Assignee as the assignee of the entire
right, title and interest in and to the same, for the use of the said Assignee, its successors and assigns. I also agree
to execute separate assignments in connection with such applications as the Assignee may deem necessary or
expedient.

I do hereby agree that I and my executors and legal representatives will make, execute and deliver any and all other
instruments in writing including any and all further application papers, affidavits, assignments and other
documents, and will communicate to said Assignee, its successors and representatives all facts known to me
relating to said improvements and the history thereof and at no cost to me will testify in all legal proceedings and
generally do all things which may be necessary or desirable more effectually to secure to and vest in said Assignee,
its successors or assigns the entire right, title and interest in and to the said improvements, inventions, applications,
Letters Patent, rights, titles, benefits, privileges and advantages hereby sold, assigned and conveyed, or intended so
to be.

I covenant and agree with said Assignee, its successors and assigns, that no assignment, grant, mortgage, license or
other agreement affecting the rights and property herein conveyed has been made to others by me and that full
right to convey the same as herein expressed is possessed by me.

I agree to execute all papers necessary in connection with any post-grant proceeding which may occur in connection
with this application in all countries or continuation, divisional or reissue thereof and to cooperate with the Assignee
in every way possible in obtaining evidence and going forward with such post-grant proceeding.

I agree to perform all affirmative acts which may be necessary to obtain a grant of a valid patent in the U.S. to the
Assignee.
