## ASSIGNMENT

WHEREAS, I, **AUSTIN GURLEY**, 501 Webster Road #3, Auburn, Alabama 36832 ("Assignor") have invented certain inventions and improvements disclosed in a patent application for Letters Patent entitled "**Performance Coaching Method and Apparatus**", about to be filed in the United States Patent and Trademark Office on September 8, 2017, with benefit of Serial Number 62/385,563, filed September 9, 2016; and

WHEREAS, **APEX PRO, LLC**, having a principal place of business at 501 Webster Road #3, Auburn, Alabama 36832 ("Assignee"), a Alabama limited liability company, is desirous of acquiring all rights in such inventions and improvements and in that U.S provisional patent application;

NOW, THEREFORE, for and in consideration of Five Dollars (\$5.00) or other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby assigns and transfers unto Assignee my entire right, title, and interest in and to said U.S. patent application, in and to any related U.S. non-provisional patent applications claiming priority to said U.S. patent application, including any divisions, continuations, continuations-in-part, and reissues thereof, in and to any patents to issue therefrom, and in and to all inventions and improvements disclosed and described in said U.S. patent application or in any related U.S. non-provisional patent application, preparatory to obtaining Letters Patent of the United States therefor; and I hereby request the Commissioner of Patents and Trademarks to issue any and all Letters Patent of the United States resulting from any patent application claiming priority thereto, to Assignee as assignee, for its interest, and for the sole use and behoof and its assigns and legal representatives.

ASSIGNMENT

For the same consideration, Assignor does hereby sell, assign, and transfer to Assignee all of my right, title and interest in and to any foreign applications corresponding to or claiming priority to said U.S. patent application or any related U.S. non-provisional patent application, in whole or in part, in countries other than the United States, in and to any Letters Patent and similar protective rights granted on any such foreign applications, and in and to the right to claim any applicable priority rights arising from or required for said foreign applications under the terms of any applicable conventions, treaties, statutes, or regulations; said foreign applications to be filed and issued in the name of Assignee or its designee insofar as permitted by applicable law.

AND, for the same consideration, Assignor agrees to sign all lawful papers, execute all related non-provisional and other applications, make all assignments and rightful oaths, and generally do everything possible to aid Assignee, its successors, assigns, and nominees, to obtain and enforce proper protection for all said inventions and improvements in all countries throughout the world.
