This ASSIGNMENT OF INTELLECTUAL PROPERTY RIGHTS ("Assignment") is issued as of the 18th day of April, 2020, by Gene Parunak ("Assignor"), an individual whose address is 131 E. Michigan Avenue Suite E, Saline, Michigan, 48176, in favor of CutCath LLC., a Michigan limited liability Company ("Assignee") whose address is 5755 Bloomfield Glens, West Bloomfield MI 48322.

WHEREAS, Assignor has or may claim certain rights to continuation-in-part patent application (Application No. 16/839,743) filed on April 3, 2020 for previously granted United States of America Patent No 10,610,295, granted April 7, 2020 and Patent No. 9,681,915 B2 entitled "Septotomy Catheter for Aortic Dissection" (such continuation-in-part and previously granted patents collectively referred to hereinafter as "the Patent");

NOW THEREFORE, for good and valuable consideration, the receipt and adequacy of which are acknowledged, Assignor agrees as follows:

1. **Intellectual Property.** The term "Intellectual Property" means: (a) all ideas, concepts, designs, discoveries, inventions, whether or not patentable, or know-how created by Assignor that relates to or is derived from the Patent; (b) the branding of the Patent; and (c) research and/or trials related to the Patent;

2. **Grant of Rights.** Assignor does hereby irrevocably and unconditionally grant, convey, transfer, and assign to Assignee all of Assignor's right, title and interest in and to all Intellectual Property improved, developed, discovered or written by Assignor to date in the Patent. This grant of rights is for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors or assigns, or other legal representatives, as fully and entirely as those rights would have been held and enjoyed by Assignor if this Assignment had not been made. The rights granted include: (a) all rights to income, royalties, license fees, proceeds or other revenue derived from the Intellectual Property; (b) all causes of actions, claims, and rights to damages or profits, arising by reason of past, present and future infringement of the Intellectual Property and the right to sue and collect such damages, as permitted under the applicable laws, for the use and benefit of Assignee and its successors, assigns and other legal representatives; (c) all rights in any patent application, in any country, which relates to or is derived from the subject matter of the Patent and all patents issued, in any country, from such applications or claiming priority to such applications, including all divisions or continuations of such applications, and all extensions, renewals and reissues of such patents; (d) any registrations and copyright applications relating to the Patent and any renewals and extensions of registrations, all of the exclusive rights listed in 17 U.S.C § 106 and all other corresponding rights that are or may be secured under the laws of the United States or any other country, now or hereafter in effect; and (e) the right to maintain the Intellectual Property as a trade secret.

3. **Cooperation.** Assignor agrees to help Assignee, including Assignee's duly authorized agents and attorneys, at Assignee's sole expense, secure patents and copyright registrations or other related intellectual property rights in any and all countries. Such assistance shall include (i) disclosing to Assignee all pertinent information and data, and (ii) signing all applications, specifications, oaths, assignments, recordations, and all other documents which Assignee deems necessary to secure, maintain and transfer such rights, and (iii) any other work Assignee deems reasonably necessary to maintain and enforce its intellectual property rights. Assignor hereby irrevocably designates and appoints Assignee and its duly authorized agents as his agent and attorney-in-fact, to act for him to execute and file any such documents and to do all other lawfully permitted acts to help secure maintain and transfer rights to Assignee.

4. **Governing Law and Use of Copies.** This Assignment and any claim, dispute or cause of action based upon, arising from it or relating to it shall be construed in accordance with and be governed by the laws of the United States and the State of Michigan, without giving effect to the State of Michigan's conflicts of law principles. A telefacsimile, electronic (e.g., PDF) or photo copy of this document and the signatures hereon shall be as effective as the original absent fraud.
