CONFIRMATORY ASSIGNMENT

SKYSONG ID: M12-046P

WHEREAS, the undersigned inventor:

1. JIAN LI
134 E Colt Road
Tempe, AZ 85284

(collectively, the "Assignor") have invented certain new, useful, nonobvious, and otherwise patentable subject matter concerning

MICROCAVITY OLED DEVICE WITH NARROW BAND PHOSPHORESCENT EMITTERS

(the "Inventions") for which the following United States patent application is filed herewith or was filed in the United States Patent and Trademark Office: (i) serial number 14/380,719 nationalized on Aug 23, 2014; (ii) PCT Patent Application serial number PCT/US2013/027827 filed Feb 26, 2013; and (iii) US Provisional Application serial number 61/603,576 filed Feb 27, 2012 (the "Assigned IP"). The term "Assigned IP" further includes (1) all patent applications that claim priority to or from the patent application referenced or identified in the preceding sentence, whether a provisional application, a utility application, a design application, or other application, as well as any patent application that has been filed or will be filed and otherwise discloses one or more of the Inventions; (2) all other right, title, and interest in and to the Inventions, including but not limited to all other patent rights, copyrights, trade secrets or know-how, priority rights, rights to sue for past, present, and future damages, and all other rights in and to the Inventions; and (3) all patents, inventor's certificates, and other forms of protection granted thereon in the United States, in foreign countries or regions, or under any international convention, agreement, protocol, or treaty, including those arising under the Paris Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, or otherwise. Notwithstanding the foregoing, China patent application serial number 201380011107 filed on Feb 26, 2013 (the "China Application") is excluded from the definition of Assigned IP.

NOW, THEREFORE, in consideration of good and valuable consideration:

1. The Assignor does hereby sell, assign, transfer, and convey unto the Arizona Board of Regents on behalf of Arizona State University (the "Assignee") the entire right, title, and interest (a) in and to the Inventions; (b) in and to the Assigned IP, including all priority rights in, and all rights and entitlements to claim priority to and from, any of the Assigned IP; (c) in and to each and every patent application that is a substitution, a continuation, a continuation-in-part, or a divisional, of any of the Assigned IP; (d) in and to each and every reissue, reexamination, renewal, or extension of any kind of any of the foregoing; (e) in and to each and every patent application of any kind filed outside the United States and corresponding to any of the foregoing, including but not limited to international (e.g., Patent Cooperation Treaty) applications; (f) in and to each and every patent or other form of protection, whether within or outside the United States, issuing or reissuing from any of the foregoing; and (g) in and to all claims for past, present, and future infringement of any of the Assigned IP, including all rights to sue for and to recover for the Assignee's own use all past, present, and future lost profits, royalties, and damages of whatever nature recoverable from any infringements of the Assigned IP. For the sake of clarity, the foregoing excludes any sale, assignment, transfer, and conveyance of the China Application.
2. The Assignor will, at the Assignee's request and expense, execute all rightful oaths, assignments, powers of attorney, declarations, or other papers, or provide written or oral testimony, that Assignee deems necessary to carry out, in good faith, the intent and purpose of this assignment or to otherwise assist Assignee in establishing its ownership rights.
3. The Assignor hereby requests that any patents or other forms of protection issuing in the United States, foreign countries or regions, or under any international convention, agreement, protocol, or treaty, be issued in the name of the Assignee or its successors, assigns, or legal representatives for the sole use of the Assignee and its successors, assigns, or legal representatives.
4. The terms and conditions of this assignment shall be binding upon the Assignor and their respective successors, assigns, and legal representatives.
5. This instrument will be interpreted and construed in accordance with the laws of the State of Arizona without regard to conflict of law principles. If any provision of this instrument is found to be illegal or unenforceable, the other provisions shall remain effective and enforceable to the greatest extent permitted by law. This instrument may be executed in physical or electronically transmitted individual counterparts, each of which is deemed an original, but all of which together constitute one and the same agreement.

IN WITNESS WHEREOF, the Assignor has executed and delivered this instrument to the Assignee as of the dates written below:
