ASSIGNMENT

WHEREAS, we, Arthur S. Morris, III, of Raleigh, North Carolina Dana DeReus, City of Santa Ana, State of California, and Norlito Baytan, City of Riverside, State of California (hereinafter "Assignors"), have invented certain new and useful improvements in MICRO-ELECTRO-MECHANICAL SYSTEM (MEMS) VARIABLE CAPACITOR APPARATUSES AND RELATED METHODS for which application for a U.S. Patent was made on September 20, 2013 as U.S. Patent Application No. 14/033,434 and which claims priority to U.S. Provisional Patent Application Serial No. 61/703,595 filed September 20, 2012.

AND, WHEREAS, Wispry Inc., a corporation duly organized and existing under the laws of the state of Delaware having its principal office and place of business at 20 Fairbanks, Suite 198 Irvine, CA 92618 (hereinafter "Assignee"), is desirous of acquiring an interest therein.

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors have sold and by these presents do hereby sell, assign, transfer and convey unto the Assignees, their successors and assigns, their entire right, title and interest in and to the invention and application, and in and to any and all foreign patent applications filed on the invention, and in and to any and all continuations, continuations-in-part, or divisions thereof, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues thereof which may be granted therefor or thereon, for the full end of the term for which said Letters Patent may be granted, together with their right to claim the priority of said application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said Assignees, their successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignors if this assignment and sale had not been made.

Assignors further covenant and agree that, at the time of the execution and delivery of these presents, Assignors possess full title to the invention and application above-mentioned, and that they have the unencumbered right and authority to make this assignment.

Assignors further covenant and agree, and likewise binds their heirs, legal representatives and assigns, to promptly communicate to said Assignees or their representatives any facts known to them relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the Assignees, their representatives, successors and assigns to secure patent or similar protection for the said invention in all countries and to vest in the Assignees complete title to the said invention and Letters Patent, without further compensation, but at the expense of said Assignees, their successors, assigns and other legal representatives.
