## **ASSIGNMENT**

WHEREAS **Cameron Lewis**, whose full post office address is **2201-50 Alexander St, Toronto, Ontario, Canada, M4Y 1B6** and **Andrew McGillis**, whose full post office address is **107 Durie St, Toronto, Ontario, Canada, M6S 3E7**, and **Davin Young**, whose full post office address is **3602-33 Lombard St, Toronto, Ontario, Canada, M5C 3H8**, and **Curtis VanWalleghem**, whose full post office address is **18 Oliver Mews, Toronto, Ontario, Canada, M4L 3E4**, (hereinafter "the Inventors"), are the inventors of one or more inventions including, some aspects of which have been described in the following applications:

- United States Provisional Patent Application Serial No. 62/453,278 filed on February 1, 2017 entitled "Integrated Air And Water Temperature Control For Underground CAES System";
- United States Provisional Patent Application Serial No. 62/453,300 filed on February 1, 2017 entitled "Water Pressurized Isobaric Compressed Air Energy Accumulator With Low Pressure Bulkhead and Density Change Prevention Line";
- United States Provisional Patent Application Serial No. 62/453,306 filed on February 1, 2017 entitled "Integrated Thermal Storage in Isobaric Compressed Air Energy Storage System" and
- United States Provisional Patent Application Serial No. 62/453,315 filed on February 1, 2017 entitled "Multi Point Energy Storage Method"

and as described in a PCT application entitled **A Hydrostatically Compensated Compressed Gas Energy Storage System** claiming priority thereto (hereinafter "the Applications");

WHEREAS **Hydrostor Inc.**, a company incorporated under the laws of Canada and having its head office at **82 Richmond St. E., Toronto, Ontario, Canada M5C 1P1** (hereinafter "**Hydrostor**"), has acquired from the Inventors their entire right, title and interest in and to the invention, in all countries of the world, including their rights to the Applications and all related applications thereon, including any and all international, national and regional phase applications based on the Applications, and other counterpart applications in all countries, and any and all substitutes, divisionals, continuations and continuations-in-part, and any Letters

**PATENT**

Patent that may be obtained therefor, and in any and all reissues, extensions, renewals and reexaminations of such applications and patents;

NOW THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of all of which is hereby acknowledged: the Inventors hereby confirm that they have assigned, and, effective as of the filing date of the Applications, do hereby sell and assign, transfer and set over to **Hydrostor** all their right, title and interest for Canada, the United States of America, its territories, dependencies and possessions, and for all other countries in the world, in and to the invention, including their rights to the Applications, and all related applications and patents thereon, to be held and enjoyed by **Hydrostor**, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by them, had this Assignment not been made.

The Inventors hereby state that they have reviewed and understand the contents of the Applications, including the claims. The Inventors hereby confirm that the Applications were made or were authorized to be made by themselves, and that they believe themselves to be the original inventors or joint inventors of a claimed invention in the Applications.

The Inventors shall without further consideration do all such things and execute all such documents as may be necessary or desirable to obtain and maintain the Applications for the invention, and all related applications and patents thereon, in any and all countries, and to vest title thereto in **Hydrostor**, its successors, assigns and legal representatives or nominees.

The Inventors authorize and empower **Hydrostor**, its successors, assigns and legal representatives or nominees, to invoke and claim for the Application, and all related applications and patents thereon, filed by them or **Hydrostor**, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from them.

The Inventors and **Hydrostor** authorize and empower Gilbert's LLP, of 77 King St. West, Suite 2010, P.O. Box 301, Toronto, Ontario M5K 1K2, to insert on this Assignment any further identification, to prepare any translation which may be necessary or desirable in order to comply with the rules for recordation of this document in any country and to correct any clerical error in this Assignment.

The Commissioner of Patents & Trademarks is hereby authorized and requested to issue any Letters Patent for the Application, and all related applications thereon, to **Hydrostor**, for its sole use and benefit, and for the use and benefit of its successors and assigns, to the full end of the term for which Letters Patent may be granted, as fully and entirely as the same would have been held by the Inventors had this Assignment and sale not been made.

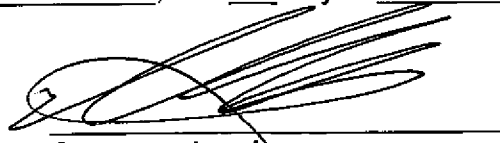

If a provision of this Assignment is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect the validity or enforceability in that jurisdiction of any other provision of this Assignment, or the validity or enforceability in other jurisdictions of that or any other provision of this Assignment.

The Inventors acknowledge the duty to disclose information which is material to patentability as defined in 37 C.F.R. 1.56. The Inventors hereby acknowledge that any willful false statement made in this assignment/declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

The Parties confirm their express wish that this Assignment be drawn up in the English language. *Les parties confirment leur volonté expresse que cette cession soit rédigée en langue anglaise.*
