ASSIGNMENT AGREEMENT

THIS ASSIGNMENT AGREEMENT effective the 30 day of September, 2010 is made by and between:

Sayed M. Sharif-Ahmadi, an individual, having an address at 868 Younette Dr., West Vancouver, BC, V7T 1S9; and

Fay Arjomandi, an individual, having an address at 868 Younette Dr., West Vancouver, BC, V7T 1S9;

(collectively the "Assignors")

AND

Disternet Technology, Inc., a company duly incorporated under the laws of the Province of British Columbia, having an address of 160-3751 Shell Road, Richmond, BC, V6X 2W2 (the "Assignee")

WHEREAS the Assignors have invented certain new and useful Improvements as described in the following patent applications:

US Provisional Patent Application No. 61/246,290 filed September 26, 2009;
US Provisional Patent Application No. 61/314,729 filed March 17, 2010;
PCT Patent Application No. PCT/CA2010/001536 filed September 28, 2010, and entitled
"System and Method for Micro-Cloud Computing";

(collectively the "Applications")

WHEREAS the Assignee has acquired from the Assignors the whole right, title and interest for the United States, Canada and all other countries, in and to the Applications, and in and to any Letters Patent that may be obtained therefrom, and in and to any applications claiming priority therefrom or the benefit thereof, and any national phase entries and related divisionals, continuations, reissues and extensions of, or relating to, the Applications.

NOW THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignors confirm that they have sold, assigned and transferred, and do hereby sell, assign and transfer unto the Assignee, the full and exclusive right to the Applications in the United States, Canada and all other countries and jurisdictions, the entire right, title and interest in and to any and all Letters Patent which may be granted therefor, and to in and to any applications claiming priority therefrom or the benefit thereof, and any national phase entries and related divisionals, continuations, reissues, and extensions of such applications.

The Assignors agree that they will, without further consideration, do all such things and execute all such documents as may be necessary or desirable to obtain and maintain patents for the Applications, and in and to any applications claiming priority therefrom or the benefit thereof, and any national phase entries and related divisionals, continuations, reissues and extensions of such applications and for additions and modifications thereto in any and all countries, and to vest title thereto in the Assignee, its successors, assigns and legal representatives or nominees.

The Assignors hereby authorize and request the Commissioner of Patents and Trademarks of the United States of America, the Canadian Intellectual Property Office, and any official of any country or countries foreign to the United States and to Canada whose duty it is to issue patents on applications, to issue any said Letters Patent to the Assignee of the entire right, title and interest in and to the same, for its sole use and benefit, and for the use and benefit of its successors and assigns, to the full end of the term for which the Letters Patent may be granted as fully and entirely as the same would have been held by the Assignors had this assignment and sale not been made.

This Assignment may be signed in as many counterparts as may be necessary, and may be signed by facsimile or other means of electronic communication producing a printed copy, each of which so signed shall be deemed to be an original, and such counterparts together shall constitute one and the same instrument and notwithstanding the date of execution shall be deemed to bear the date set forth above.
