WHEREAS, while employed by Assignee I invented certain new and useful improvements in Cyber Vulnerability Assessment Tool Threat Assessment Heuristic (CVAST THRASH) (the “Invention”), identified as Navy Case NC 110249-54, and to be filed in an application for Letters Patent of the United States of America; and

NOW, THEREFORE, in consideration of the premises and other good and valuable consideration the receipt of which is hereby acknowledged, I hereby assign and transfer to Assignee my entire right, title, and interest in and to said Invention throughout the world, and the entire right, title, and interest in and to said application and any application claiming priority thereto, and any continuation, division, continuation in part, and substitution thereof, and any Letters Patent as may issue therefrom, and any reissue, reexamination, and extension thereof, and I hereby assign the right to claim priority to any such application and to any such Letters Patent, said Invention, application, and Letters Patent to be held by Assignee to the end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held by me had this Assignment not been made.
