WHEREAS, the Assignor desires to assign, transfer, convey and deliver all of its right, title and interest, and any other proprietary rights the Assignor may have in the Patents, including, but not limited to all new and useful improvements in the Patents, to Mytee, LLC, a Colorado limited liability company (the “**Assignee**”); and

WHEREAS, the Assignor and the Assignee are hereby effecting such assignment, transfer, conveyance and delivery of all right, title and interest and any other proprietary rights to the Patents.

2. The Assignor further assigns to the Assignee all right to sue for and receive all damages accruing from past, present and future infringements of the Patents.
