Section VIII – Invention Assignment Agreement

WHEREAS, I, Daniel Arzuaga residing at address 44-18 CT HERMOSA BEACH, CA 90254, invented a certain new and useful invention briefly described as "Application of a High-Pressure Dynamic Rod Seal for a Decoking Flow Control Valve" and more fully described in Sections I-VIII of this Invention Disclosure and Assignment Form;

WHEREAS, **FLOWERVE MANAGEMENT COMPANY**, a corporation of the State of New York, with a place of business at 5215 North O'Connor Boulevard, Suite 2300, Irving, Texas 75039, U.S.A., hereinafter called the Assignee, is desirous of acquiring the entire right, title and interest in and to said invention, any trade secret based on the invention, any application for a patent describing and claiming any aspect of the invention, and any patent that may issue from a patent application describing and claiming the invention;

NOW, THEREFORE, for good and valuable consideration, receipt whereof is hereby acknowledged, I hereby sell, assign and transfer unto said Assignee, its successors and assigns, the entire right, title and interest in and to the above described invention, as well as any patent application disclosing the same and any divisions or continuations thereof, and the inventions therein disclosed, and any improvements thereon, and any patent or patents that may be issued or reissued thereon, and I hereby authorize and request the Commissioner of Patents and Trademarks to issue any letters patent thereon, and reissues thereof, to said Assignee, its successors and assigns; and I hereby authorize said Assignee, its successors and assigns, to file in its own name applications for patent in foreign countries in connection with the inventions hereby transferred, under the International Convention claiming the priority of said United States application or otherwise, and to secure in its own name the patent or patents issued thereon; and I hereby agree that, upon request, I will sign all papers, and make all rightful oaths, and do all acts which said Assignee, its successors or assigns, may consider necessary in connection with any trade secret protection, United States patent application, and in connection with any other United States or foreign patent applications that may be filed in connection with said invention, and with any improvements thereon, and in connection with any patents issued or reissued thereon.
