This Confirmatory Intellectual Property Assignment Agreement ("Assignment Agreement"), by and between Baker Hughes Holdings LLC ("Assignor"), with a business address of 17021 Aldine Westfield Road, Houston, TX 77073, and NuCera Solutions LLC ("Assignee") with a business address of 18th Floor, 430 Park Avenue New York, NY 10022, effective September 30, 2020. Assignor and Assignee are sometimes referred to herein collectively as the "Parties."

WHEREAS, Assignor was the owner of the intellectual property set forth on Attachment A hereto ("U.S. Registered IP"), and desired to assign all of Assignor's rights, title, and interest in and to the U.S. Registered IP along with the associated goodwill to the Assignee;

WHEREAS, the Parties entered into the Stock and Asset Purchase Agreement, dated as of July 21, 2020;

WHEREAS, through the Stock and Asset Purchase Agreement, Assignor transferred, among other things, the Business Intellectual Property (as defined in the Stock and Asset Purchase Agreement), including but not limited to the U.S. Registered IP; and

WHEREAS, the Parties wish to confirm the assignment of the U.S. Registered IP.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. Assignor hereby confirms that effective as of September 30, 2020, it has sold, conveyed, transferred, assigned and delivered to Assignee, and Assignee acquired, and accepted from Assignor, all of Assignor's rights, title, and interest in, to, and under the Business Intellectual Property, including without limitation, the U.S. Registered IP and all goodwill associated therewith and all rights of action and remedies for past, present, and future infringements of any of the U.S. Registered IP, in each case, free and clear of all liens, the same to be held and fully enjoyed by Assignee, its successors, assigns and other legal representatives.
2. Assignor shall execute and deliver any and all instruments and documents and take such further actions as may be necessary or reasonably requested by Assignee to document and record with the appropriate authorities the aforesaid assignment and transfer of the U.S. Registered IP.
3. Assignor hereby authorizes and requests the Commissioner for Trademarks in the United States Patent and Trademark Office to issue or transfer the U.S. Registered IP to Assignee, as assignee of the entire right, title, and interest therein or otherwise as Assignee may direct. Assignee shall have the right to record this Assignment Agreement with the United States Patent and Trademark Office so as to perfect its ownership of the U.S. Registered IP.
4. This Confirmatory Intellectual Property Assignment Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original.
