Salt Lake City, UT 84111

**ASSIGNMENT**

WHEREAS, Assignor, SOL PALS, LLC, a Limited Liability Corporation of the State of Utah, having a principal place of business at 2822 W. Parkside Drive, Lehi, Utah 84043, is the owner of record of the pending and issued United States and foreign patent(s) and/or pending patent application(s) listed in the attached Schedule A (the "Patent Assets");

WHEREAS, Assignee, C-SLIDE HOLDINGS, LLC, a limited liability corporation of the State of Delaware, having a principal place of business at 2822 W. Parkside Drive, Lehi Utah 84043, purchased all of Assignor's Intellectual Property, including all of the properties listed in Schedule A, as part of an Asset Purchase Agreement dated March 2, 2018; and

WHEREAS, Assignee now desires to confirm, memorialize, and otherwise assign (to the extent not already assigned), all right, title and interest in and to the listed patents and patent applications, and including the rights to sue for any past infringement.

THEREFORE, in exchange of One Dollar (\$1.00) and other good and valuable consideration paid by Assignee, the receipt and sufficiency of which Assignor hereby acknowledges, ASSIGNOR HEREBY ASSIGNS TO ASSIGNEE:

The entire right, title and interest in the invention in the Patent Assets, and in all divisions, continuations and continuations-in-part of the application, or reissues or extensions of Letters Patent or Patents granted thereon, and in all corresponding applications which may be filed in countries foreign to the United States, and in all patents issuing thereon in the United States and foreign countries, including all foreign patents and utility models and applications therefor, and all priority rights provided by any and all treaties, conventions, or agreements; and equivalent or similar rights anywhere in the world in inventions and discoveries, including invention disclosures, disclosed or claimed therein, including the right to file foreign patent applications on said

invention in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International convention for such applications.

Assignor further confirms, memorializes, and otherwise assigns (to the extent not already assigned) and delivers to Assignee, its successors and assigns: (i) all Assignor's rights to sue or recover and retain past, present, and future damages, costs, and attorneys' fees for past, present, and future infringement, misappropriation or other violation thereof (including, without limitation, all income, royalties, damages, and payments hereafter due or payable to Assignor with respect to the Patent Assets); and (ii) all income, proceeds, royalties, damages, claims and payments which accrue, or have accrued, prior to and as of the Effective Date or thereafter and are due or payable with respect thereto, and in and to all causes of action, either at law or in equity for any past, present or future infringement, of the Patent Assets, or other violation or unauthorized use of the Patent Assets, with the right to sue for, and collect the same.

Assignor hereby authorizes and requests the United States Commissioner of Patents and Trademarks and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents to issue any and all inventions corresponding to the Patent Assets to the Assignee as the owner of the entire interest, for the sole use of Assignee, its successors, assigns and legal representatives.

Assignor hereby agrees, without further consideration and without expense, to sign all lawful papers and to perform all other lawful acts which Assignee may request of Assignor to make this Assignment fully effective, including, by way of example but not of limitation, the following:

Prompt execution of all original, divisional, substitute, reissue and other United States and foreign patent applications on the invention, and all lawful documents requested by Assignee to further the prosecution of any of such patent applications.

Cooperation to the best of Assignor's ability in the execution of all lawful documents, the production of evidence, nullification, reissue, extension or infringement proceedings involving the Patent Assets.

This Assignment may be signed in any number of counterparts, including facsimile copies thereof or electronic scan copies thereof delivered by electronic mail, each of which shall be deemed an original, with the same effect as if the signatures thereto and hereto were upon the same instrument.

Assignor and Assignee acknowledge and agree that nothing in this Assignment shall be deemed to supersede, enlarge, modify or waive any of provisions of the Asset Purchase Agreement noted above. If any conflict exists between the terms of this Assignment and the terms of the Asset Purchase Agreement, the Asset Purchase Agreement shall govern and control.
