ASSIGNMENT

WHEREAS We, the below named inventors [hereinafter collectively referred to as Assignors], have made an invention entitled: **Training Prosthetic for Self-Cannulation Training**, for which We filed a U.S. patent application for United States Letters Patent on October 28, 2020 as Application No. 17/082,573 (the Assignee being hereby authorized to insert the filing date and the Patent Application No. when ascertained); and

WHEREAS, Fresenius Medical Care Holdings, Inc., a corporation of New York, whose post office address is 920 Winter Street, Waltham, MA 02451-1457 [hereinafter referred to as Assignee], is desirous of securing the entire right, title, and interest in and to this invention in all countries throughout the world, and in and to the application for United States Letters Patent on this invention and any Letters Patents claiming priority to this application;

NOW THEREFORE, be it known that for good and valuable consideration, the receipt of which from assignee is hereby acknowledged, We, as assignors, have sold, assigned, transferred, and set over unto the assignee, its lawful successors, and assigns, our entire right, title, and interest in and to this invention and all provisional, all non-provisional, all divisional, and all continuation applications thereof, and all Letters Patents of the United States that may be granted thereon, and all reissues thereof, and all rights to claim priority on the basis of any such applications, and all applications for Letters Patents, which may hereafter be filed for this invention in any foreign country, and all Letters Patents that may be granted on this invention in any foreign country, and all extensions, renewals, and reissues thereof; and We hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patents for this invention to assignee, its successors, and assigns, in accordance with the terms of this Assignment;

AND, WE HEREBY covenant that We have the full right to convey the interest assigned by this Assignment, and We have not executed and will not execute any agreement in conflict with this Assignment;

AND, WE HEREBY further covenant and agree that We will, without further consideration, communicate with assignee, its successors, and assigns, any facts known to us respecting this invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention in said assignee, its successors, and assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid assignee, its successors, and assigns, to obtain and enforce proper patent protection for this invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the assignee, its successors, and assigns.
