Assignment of Patent Rights

WHEREAS, Adobe Communications Electronics, Inc., (hereinafter referred to as the "INVENTOR" or "ACE") is a Nevada Corporation whose principal place of business appears below, made an invention (hereinafter referred to as the "INVENTION") entitled "WIRE COMB" for which ACE has filed United States provisional patent applications, including, without limitation, the patents and patent applications listed on Schedule A;

WHEREAS, ACOM TOOLS (hereinafter referred to as "ACOM"), a corporation organized under the laws of the State of Nevada, U.S.A. having a place of business at 4360 W. Tompkins Ave, Las Vegas, Nevada 89103, is desirous of acquiring the entire right, title and interest in, to and under the INVENTION and all patents and patent applications filed thereon, including, without limitation, the patents and patent applications listed on Schedule A;

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by the INVENTOR, we have assigned, sold, transferred and set over and by these presents do hereby assign, sell, transfer and set over unto ACOM the entire right, title and interest in and to

- (a) the INVENTION and worldwide rights therein;
- (b) the patents and patent applications listed on Schedule A, including all continuations, divisions, continuations-in-part and substitutions thereof, and
- (c) all patents which shall issue for the INVENTION including without limitation, any and all patents and patent application listed on Schedule A or any continuations, divisions, continuations-in-part, renewals or substitutes thereof as well as all reissues, reexaminations, renewals and extensions thereof, for the United States, its territories and possessions and all foreign countries, including the right to file corresponding patent applications on the INVENTION in any and all foreign countries, and to claim priority under any and all treaties and conventions to which the United States of America is signatory including the Paris Convention for the Protection of Industrial Property for such corresponding applications, or any division, continuation, continuation-in-part or substitution thereof, the same to be held and enjoyed by ACOM, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by the INVENTORS, had this assignment not been made.

The INVENTORS jointly and severally covenant and agree that the INVENTORS will, at any time upon the request and at the expense of ACOM, execute and deliver any and all papers and do all lawful acts that may be necessary or desirable, in the opinion of ACOM, to enable and assist ACOM to:

- (a) maintain patents, both domestic and foreign, on the INVENTION;
- (b) establish, maintain and secure title in ACOM, its successors and assigns, to the INVENTION, the patents and patent applications listed on Schedule A including making such title lawful public record; and
- (c) defend, establish or otherwise preserve the validity of the patents and patent applications listed on the Schedule A against any and all infringers, and perform such other acts as are necessary to give full force and effect to this assignment.

The INVENTOR represents and covenants that no assignment, mortgage, sale, license, pledge, encumbrance or alienation of the INVENTION or the patents and patent applications listed on Schedule A has been or will be made or entered into which would conflict with this assignment and sale.

The INVENTOR hereby irrevocably constitutes and appoints ACOM and any officer or agent thereof, with full power of substitution, as their, his or her true and lawful attorney-in-fact, with full

SCHEDULE A
