ASSIGNMENT

WHEREAS we, Carl Sims, resident of the State of Colorado and Quan Liu and David Wert, residents of the State of California, have made an invention disclosed in the following applications:

“Fluid Degassing Control System”, filed November 28, 2018 with the United States Patent and Trademark Office as Application Serial No. 62/772,601 and further identified by attorney docket number 2018-6783.PRO;

“Fluid Degassing Control System”, filed November 27, 2019 with the United States Patent and Trademark Office as Application Serial No. 16/697,655 and further identified by attorney docket number 2019-7022 (hereinafter together referred to as the “Applications”); and

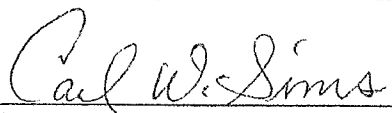

IDEX Health and Science LLC, a corporation organized and existing under the laws of the State of Delaware, and having a place of business at 600 Park Court, Rohnert Park, CA 94928 (“IDEX”), is desirous of acquiring the Applications and the invention disclosed therein (“Invention”), and any and all United States and foreign patents that may be granted on said Applications and on said Invention;

NOW, THEREFORE, Be It Known that for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, we, Carl Sims, Quan Liu, and David Wert, have sold, assigned and transferred, and do hereby sell, assign and transfer to IDEX our entire right, title and interest in and to said Invention, said Applications, and any and all United States and foreign patents that may be granted on said Invention and said Applications.

We covenant that we have not executed any instrument or taken any action contrary to this Assignment, nor will we do so in the future, and further covenant that we or our executors, administrators, representatives or assigns will execute all papers, assignments or other documents as requested by IDEX will provide testimony by affidavit or otherwise on behalf of IDEX any proceeding before the U. S. Patent and Trademark Office, foreign patent office, state or federal court, or other decision-making body, and in general will cooperate fully with IDEX or its successors and assigns in the endeavor to secure, perfect, maintain or enforce any rights under said Applications and said Invention and any patents granted on said Applications and/or said Invention.

The Commissioner of Patents, and the officials with comparable authority over patents in foreign countries, are hereby authorized and directed to issue, in accordance with this Assignment, any and all patents granted on the said Invention and/or Application.
