## ASSIGNMENT

Whereas, I, James E. Clark, residing in South Burlington, Vermont, have invented one or more new and useful inventions described in United States Patent Application Serial No. 13/401,175, filed on February 21, 2012 and entitled "Photographic Synchronization Optimization System and Method;" and International Application No. PCT/US2012/025915, filed on February 21, 2012, and entitled "Photographic Synchronization Optimization System and Method" (hereinafter "Applications").

And whereas, Lab Partners Associates, Inc., a corporation of Vermont, having a place of business at 21 Gregory Drive, South Burlington, Vermont 05403, (hereinafter "Assignee"), desires to acquire the entire right, title and interest in the Applications and all inventions disclosed therein, and to any United States and foreign patents to be obtained therefor;

Now therefore, for good and valuable consideration, receipt whereof is hereby acknowledged, I the above-named hereby sell, assign, and transfer to Assignee, its successors and assigns, and confirm any previous assignments made by me for, the entire right, title and interest in the Applications and inventions therein disclosed for the United States and foreign countries, and all rights of priority resulting from the filing of the Applications; and I hereby agree that Assignee may apply for foreign Letters Patent on said inventions; and I request the Commissioner for Patents of the United States Patent and Trademark Office and the authorized official in each respective foreign patent office to issue any Letters Patent granted upon the inventions set forth in the Applications to Assignee; and I will execute all papers necessary in connection with the United States and foreign applications when called upon to do so by Assignee.

I, the above-named, hereby covenant that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment.

Executed at South Burlington, Vermont, this 11<sup>th</sup> day of June, 2012.

  
James E. Clark
