agreements, including the right to file the above identified U.S. provisional application and any of the other foregoing applications and the right to claim the priority of the above-identified patent applications and any of the other foregoing applications under the International Convention for the Protection of Industrial Property, or any other conventions, treaties, laws or agreements of like purposes, to be held and enjoyed by Assignee and its successors, legal representatives, and assigns, for its own use and benefit and use and benefit of its successors, legal representatives, and assigns, to the full end of the term for which any of the U.S. patents, foreign patents, utility models, design registrations, inventor's certificates or other rights of exclusion are granted.

AND, Assignor does hereby authorize and request the Commissioner of Patents of the U.S., and any official of any country, countries or organizations foreign to the U.S., having an applicable duty, to issue all patents, utility models, design registrations, inventor's certificates and other like rights of exclusion granted for the Inventions to the Assignee, its successors, legal representatives, and assigns as the assignee of the entire, right, title and interest therein.

AND, Assignor does hereby authorize the Assignee to apply in all countries in Assignor's name or in Assignee's name for U.S. patents, foreign patents, utility models, design registrations, inventor's certificates and like rights of exclusion for the Inventions, and Assignor agrees for itself and its respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this Assignment.

The parties agree that this Assignment shall be governed under the laws of the State of Tennessee and the United States.

The parties, intending to be legally bound, through their duly authorized representatives have executed this Assignment.
