And whereas, **FTI Brands LLC**, having a mailing address of 4737 Reed Road, Suite 200, Upper Arlington, OH 43220, is desirous of acquiring the entire right, title and interest in, to and under said inventions and the Patent Applications, any provisional or non-provisional patent applications, continuing applications, continuations-in-part applications, divisional applications, refiled or reissue applications made in the United States of America and all other Nations which may result from the inventions and information disclosed in the Patent Applications, and any and all Letters Patent of the United States and other Nations which may be issued therefrom;

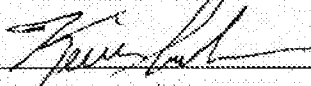

Now, therefore, in accordance with our agreements and for other good and valuable consideration, the receipt of which is hereby acknowledged, we, **Kevin Blaise Consolo**, and **Christopher Michael Pavlica**, do hereby sell, assign and transfer to **FTI Brands LLC** the entire and undivided right, title and interest in and to our inventions in and to a “**Tether for Sponges**”, a “**Hand-Held Foam Sponge With Thru-Hole**”, and a “**Cleaning System Having a Plurality of Tethered Hand-Held Foam Sponge Cleaning Devices**”, said Patent Applications, the inventions therein described, and all rights appurtenant thereto and in all our applications related thereto, including each of the following: the right to apply for any patent for said inventions in the United States of America and in any and all foreign countries, any and all other applications for patent on said invention, in whatsoever countries, including all divisional, renewal, substitute and continuation applications based in whole or in part upon said inventions or upon said Patent Applications or related thereto; any and all patents that may issue thereon in the United States and foreign countries and any and all reissues, extensions, renewals, divisions, or continuations of patents granted for said inventions or upon said Patent Applications, to the full end of the term or terms for which said patents may be issued; and every priority or other right accorded by every international convention, treaty or agreement that is or may be predicated upon or arise from said inventions, Patent Applications and other applications or patents therefor, all to be held by **FTI Brands LLC**, and its successors and
