DECLARATION and ASSIGNMENT STATEMENT

This declaration and assignment are directed to United States application identified as follows and the inventions disclosed therein:

SERIAL NO.	DATE FILED	TITLE
14/970409	12/15/2015	Methods of Replacing Compromised Composite-Strength Concrete Roofs
62/092104	12/15/2014	Methods of Replacing Compromised Composite-Strength Concrete Roofs

DECLARATION

As the below named inventor, I hereby declare that:

The above-identified application(s) was/were made or authorized to be made by me.

I believe that I am the original inventor or an original joint inventor of a claimed invention in the application(s). I have reviewed and understand the subject matter of the above-identified application(s) including the claims.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both. I am aware of and acknowledge the duty to disclose to the United States Patent and Trademark Office all information known to me to be material to patentability as defined in 37 CFR 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT International filing date of the continuation-in-part application.

ASSIGNMENT

Whereas, I, Charles Lynn Nunley of Duluth, Georgia, have solely or jointly invented a new and useful process, machine, manufacture or composition of matter, or an improvement thereof, disclosed in and for which the above-identified Patent Application(s) was made for Letters Patent;

Whereas, Loadmaster Systems, Inc., having a place of business at Peachtree Corners, Georgia, is desirous of acquiring an interest therein;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, by these presents do sell, assign and transfer and convey unto Loadmaster Systems, Inc., its successors and assigns, the full and exclusive right, for the United States of America and its territorial possessions and for any and all foreign countries, in and to the said invention, described in the above-referenced Patent Application(s), and any divisional, continuing or reissue application based on the present application preparatory to obtaining Letters Patent of the United States therefor; said invention, application(s) and any and

all Letters Patent issuing therefor to be held and enjoyed by Loadmaster Systems, Inc., for its own use and behoof, and for its legal representatives, successors and assigns, to the full end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made.

And I do further agree to sign all papers, make all rightful oaths and do all requisite acts for the filing of any disclaimer or for the filing and assignment of any divisional, continuing or reissue application or applications for patent based on the present application, as well as for any other U.S. or foreign application for patent which relates to the said invention.

And I do further agree to communicate to Loadmaster Systems, Inc., its successors, assign or other legal representatives, such facts relating to the invention disclosed in the present application or Letters Patent issuing thereon as may be known to me, and to testify as to such facts in any interference or other litigation.

Agreed and Executed:

Charles Lynn Nunley
