For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby irrevocably conveys, transfers, and assigns to Assignee all of Assignor's right, title, and interest in and to the following (the "**Assigned Patent Rights**"):

(a) the inventions disclosed and claimed in the patents and patent applications set forth in Schedule 0 hereto, each of the patents and patent applications set forth in Schedule 0 and any other applications for patents filed anywhere in the world that claim any of the inventions disclosed and claimed in the patents and patent applications set forth in Schedule 0 hereto, including but not limited to any PCT International Applications and all national-stage applications based thereon, and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof in any jurisdiction worldwide (the "**Patents**");

(b) all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;

(c) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(d) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

Assignor hereby authorizes the Commissioner for Patents in the United States Patent and Trademark Office to record and register this Patent Assignment upon request by Assignee. Following the date hereof, upon Assignee's reasonable request, and at Assignee's sole cost and expense, Assignor shall take such steps and actions, and provide such cooperation and assistance to Assignee and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be reasonably necessary to effect, evidence, or perfect the assignment of the Assigned Patent Rights to Assignee, or any assignee or successor thereto.
