Patent Assignment

This PATENT ASSIGNMENT (this "Assignment") is made as of July 30, 2019 (the "Effective Date") by and between, XAMAX INDUSTRIES, INC., with an address of 63 Silvermine Road, Seymour, Connecticut 06483 ("Assignor") and MJWMax Holdings LLC, a Connecticut limited liability company with an address at 87 Mill Road, New Canaan, Connecticut 06840 ("Assignee").

Assignor owns rights, title, and/or interest in and to the patents and patent applications identified in *Schedule I* to this Assignment and any and all patents or applications claiming priority thereto anywhere in the world (the "Patent Rights") and wishes to assign, transfer, and convey to Assignee all rights, title, and interest in and to all of the Patent Rights.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

1. Assignor hereby sells, assigns, conveys, transfers, and sets over to Assignee, and Assignee purchases, acquires, and receives from Assignor, all rights, title and interest in and to the Patent Rights, all of them to be held and enjoyed by Assignee, its successors, heirs, and assigns on and as of the Effective Date.

2. Assignor and Assignee agree that, as of the Effective Date, Assignee shall solely and exclusively own and hold all rights, title and interest in and to the Patent Rights. Without limiting the assignment, transfer, and conveyance, Assignor hereby assigns to Assignee the right to, and Assignee shall solely and exclusively have the right and be entitled, in its sole discretion, in and/or under the laws of any country and jurisdiction, to: (a) initiate and/or continue any action, litigation, arbitration or other proceeding, and seek, enforce, and benefit from any right, remedy and/or award, in connection with any or all of the Patent Rights, or any infringement, theft or violation thereof, whether such rights, remedies or infringement are based on any acts, omission or conduct prior to, on or after the date hereof (including, without limitation, the right to seek past damages for infringement of the Patent Rights), and collect, receive, obtain, and retain any damages, award, or other benefit therefrom or resulting therefrom, without obligation or liability to share or provide any part of it to the Assignor or any third party, and (b) file, continue, discontinue, prosecute, or abandon any application, now or in the future, for registration of any application corresponding to or claiming priority from any Patent Right (including, without limitation, any continuation patent application, continuation-in-part application, divisional application and/or reissue application to a patent application included in the Patent Rights), and (c) obtain, maintain, cancel, or let expire any registration of any Patent Right.

3. If and to the extent requested by Assignee, Assignor shall cause, and hereby authorizes, the United States Patent and Trademark Office, and any other patent office and similar or comparable agency, office, register, or registrar in any country or jurisdiction to record Assignee as the sole and exclusive owner of any application and/or patent included in the Patent Rights, and to issue any patent, registration, certificate, document, or process in such country or jurisdiction, or issue process, presently pending or existing in the future, for any such application, patent and/or registration in the name and for the benefit of Assignee only.

4. Upon Assignee's request, Assignor shall provide any assistance as is necessary or useful for Assignee to secure and perfect sole and exclusive ownership of the Patent Rights and obtain patents for the Patent Rights in the name of Assignee.

5. Should any section, or portion thereof, of this Assignment be held invalid by reason of any law existing now or in the future in any jurisdiction by any court of competent authority or by a legally enforceable directive of any governmental body, such section or portion thereof shall be validly reformed so as to approximate the intent of Assignor and Assignee as set forth herein as nearly as possible and, if unreformable, shall be deemed divisible and deleted with respect to such jurisdiction; this Assignment shall not otherwise be affected.

6. This Assignment (i) is irrevocable and effective upon Assignor upon such Assignor's signature of this Assignment and delivery of a signed copy of this Assignment or facsimile or email transmission thereof to Assignee, (ii) benefits and binds each Assignor, Assignee, and the respective successors and assigns of each of them, and (iii) will be governed by and construed in accordance with applicable U.S. federal law and otherwise the internal laws of the State of New York, without giving effect to any choice of law or conflicting provision or rule that would cause the laws of any other jurisdiction to be applied.

Assignor and Assignee have executed this Assignment, each through its authorized representative, to be effective retroactively as of the Effective Date.
