Assignment

We, Nicolas TILLE, David DALLA VECCHIA, and Bernard VRIJENS, all residing in Belgium, represent that we have invented a new and useful "PACKAGING FOR MEDICINES", for which we have executed an international patent application on May 29, 2019, under PCT/EP2019/064045.

AARDEX GROUP is organized and existing under the laws of Belgium, has a place of business at 15/1 Rue Bois Saint Jean, 4102 Seraing, Belgium and desires to acquire the entire right, title and interest in and to the invention, application and letters patent to be granted and issued thereon, including but not limited to a United States national phase entry based on the above-referenced international patent application.

For valuable consideration, the receipt and legal sufficiency of which we acknowledge, We have sold and do hereby sell, assign, transfer and set over unto AARDEX GROUP, its successors and assigns, the entire right, title and interest in and to the invention and all improvements thereon, in and to the application for letters patent thereon and any United States national stage entry based on the application, in and to applications pertaining to or based upon the invention and international and national stage applications, including divisional and continuing applications and continuations-in-part, and in and to any and all letters patent which may be granted and issued on the invention and applications, or any of them, in the United States of America, its territories and possessions, and in all countries foreign thereto, together with and including all priority rights based upon any and all applications in the United States of America covered by this Assignment.

We also agree that we will, at the request of AARDEX GROUP execute any and all applications for letters patent for the invention, execute any and all other papers and documents and do all other and further lawful acts that AARDEX GROUP, may deem necessary or desirable to obtain letters patent on the invention, to secure the grant of such letters patent and to protect and vest in AARDEX GROUP, the undivided interests in the right, title and interest in the invention, applications and letters patent.
