ASSIGNMENT

Whereas **Yxlon International GmbH** (hereinafter "the Assignor"), whose full address is: Essener Bogen 15, 22419 Hamburg, Germany (a German limited liability company), owns patents/applications as listed in Schedule A at the end of this document, (hereinafter "the Patents"):

Whereas **COMET AG** (hereinafter "the Assignee"), whose full address is Herrengasse 10, 3175 Flamatt, Switzerland (A Swiss public company limited by shares), is desirous of acquiring the whole right, title and interest in and to the Patents, and the invention or inventions described in Schedule A;

Now therefore, in consideration of other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignor hereby sells, assigns and transfers to the Assignee, all right, title and interest, in and to all Patents listed in Schedule A, all of the inventions described therein, all continuations and divisionals thereof, and all foreign patents and patent applications that claim priority to any of the Patents. The assignor further sells, assigns, and transfers all right, title and interest in and to all reissues, renewals and extensions of the Patents, including all right to sue for past infringement thereunder, all said Patents to be held and enjoyed by the said Assignee to the full end of the term for which the said Patents are granted, as fully and entirely as said Patents could have been held and enjoyed by said Assignor if this Assignment had not been made;

And the Assignor hereby covenants and agrees without further consideration, to communicate with Assignee, its successors and assigns, any facts known respecting this invention, and testify in any legal proceedings, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to the Patents or inventions in the Assignee, its successors or assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in United States, it being understood that any expense incident to the execution of such papers shall be borne by the Assignee, its successors and assigns;

And the Assignor hereby covenants that it has made known the government interest, support and rights to the said Patents; and

Assignor hereby covenants that it has the full right to convey the interest assigned by this Assignment, and that it has not and will not execute any agreement in conflict with this Assignment;
