ASSIGNMENT OF PATENT APPLICATION

MIXER GROUP, L.P., a company having its principal place of business in Texas, the United States of America, (hereinafter "Assignor"), for good and valuable consideration, the receipt of which is hereby acknowledged, and in furtherance of its obligations to

HEWLETT-PACKARD DEVELOPMENT COMPANY L.P, a company having its principal place of business in Texas, the United States of America, (hereinafter "Assignee"),

agrees to assign and transfer and hereby assigns and transfers to Assignee, its successors, and its assigns, Assignor 's entire right, title, and interest, including all rights of priority, in, to, and under an application for patent entitled (English-language title in parentheses if said application for patent is in another language):

Title: PRINT SUBSTANCE GAUGE AUTHENTICATION

Filing Date: 15 Nov 2018

Application No.: PCT/US2018/061234

Patent Office: US ;

the subject matter, including any and all inventions, improvements, and discoveries, set forth in said application for patent (as used herein "patent" refers to any form of intellectual property protection including, without limitation, invention rights, utility patent rights, design rights, and utility model rights) (hereinafter "Inventions"); any and all existing and future applications for patent of any country or region or under any international agreement for any of said Inventions (including, without limitation, said application for patent, any and all applications for patent directly or indirectly claiming priority to or benefit of any application for patent for any of said Inventions, any and all applications for patent from which any application for patent for any of said Inventions directly or indirectly claims priority or benefit, and any and all continuation applications of, continuation-in-part applications (hereinafter "CIPs") of, divisional applications of, national-phase applications of, regional-phase applications of, renewals of, and substitutes for any application for patent for any of said Inventions) (hereinafter "Applications for Patent"); any and all patents which may be granted on or as a result of said Applications for Patent (hereinafter "Patents"); and any and all reissues, reexaminations, and extensions of said Applications for Patent or said Patents.

Assignor HEREBY represents that it conveys its full rights in all countries and regions and under all international agreements to the entire right, title, and interest herein assigned and transferred, and that it has not executed and will not execute any agreement in conflict herewith;

AND Assignor HEREBY authorizes Assignee, its successors, its assigns, its nominees, and its legal representatives to insert the filing date, application number, and patent office of said application for patent, now identified by the Record ID and title set forth above, when known to them;

AND Assignor HEREBY authorizes and requests the officials of all countries and regions and under all international agreements whose duty it is to issue patents, to issue to Assignee, its successors, or its assigns, as assignee of Assignor 's entire right, title, and interest, said Patents, in accordance with the terms of this assignment and transfer;

IN WITNESS WHEREOF, this Assignment is executed by a duly authorized representative of Assignor.
