ASSIGNMENT

WHEREAS, WE, John Nino, David Ivinson, and David Tory, citizens of United States of America, ("Assignors"), have made a certain new and useful invention entitled "**GEARLESS SPRING WASHER HIGH TORQUE DEVICE**" for which U.S. Patent Application No. 15/583,803 was filed May 1, 2017.

AND WHEREAS, ECA Medical Instruments, Inc., having a place of business at 2193 Anchor Court, Newbury Park, CA 91320, United States of America ("Assignee"), is desirous of acquiring the entire right, title, and interest in and to said invention, and in and to any and all Letters Patent of the United States and all foreign countries which may be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt for and sufficiency of which is hereby acknowledged, Assignors hereby sell, assign, transfer, and set over unto Assignee, its legal representatives, successors, and assigns, the entire right, title, and interest in and to said invention, including the right to claim priority under 35 U.S.C § 119 and/or § 120; and the right to sue for past infringement, as set forth in the above-mentioned application, including said application and any continuations, continuations-in-part, divisions, reissues, reexaminations or extensions thereof, any international applications filed pursuant to the Patent Cooperation Treaty (PCT), any national/regional phase applications filed from an international application pursuant to the PCT, and in and to any and all patents of the United States and all foreign countries which may be issued for said invention;

UPON SAID CONSIDERATION, Assignors hereby agree not to execute any writing or do any act whatsoever conflicting with these presents, and that Assignors will, at any time upon request, without further or additional consideration but at the expense of Assignee, execute such additional assignments and other writings and do such additional acts as Assignee may deem necessary or desirable to perfect Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuations, continuations-in-part, reexamined, reissued, or extended Letters Patent of the United States and all foreign countries on said invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of the assigns and legal representatives of Assignors and Assignee;

AND, Assignors request the Commissioner of Patents and Trademarks to issue any Letters Patent of the United States which may be issued for said invention to Assignee, its legal representatives, successors or assigns, as the sole owner of the entire right, title, and interest in and to said patent and the invention covered thereby.
