ASSIGNMENT

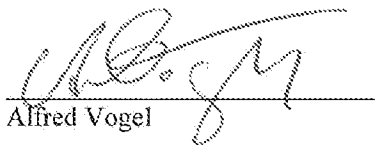

For valuable consideration, the receipt of which we acknowledge, and intending to be bound legally, we, ALFRED VOGEL, NORBERT LINZ, SEBASTIAN FREIDANK, and REGINALD BIRNGRUBER, each individually assign to THE GENERAL HOSPITAL CORPORATION, a corporation formed under the laws of Massachusetts and having a principal place of business at 55 Fruit Street, Boston, MA 02114, and its successors, transferees, and assignees (collectively the “Assignee”), all of our individual and joint right, title, and interest throughout the world outside of Germany in the subject matter (the “Subject Matter”) of a patent application that names us as inventors, is titled “APPARATUS FOR CHANGING THE REFRACTIVE POWER OF THE CORNEA,” and was filed in the German Patent Office on May 31, 2016, as application DE 10 2016 110 005.6; and in the United States Patent Office on May 31, 2017, as Patent Cooperation Treaty (PCT) application number PCT/US2017/035333 (the “Application”). We authorize the insertion of the filing date and application number above.

This Assignment assigns (a) the Application and all other applications that may be made for, and all patents, utility models, design registrations, and other rights of exclusion and inventors’ certificates for, any of the Subject Matter (collectively the “Applications and Granted Rights”) in every country or region other than Germany, (b) the right to claim priority based on and the benefit of the filing date of any of the Applications and Granted Rights under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other applicable treaties or conventions, and (c) the right to pursue, collect, and retain in the Assignee’s name or otherwise, damages and any other remedies arising from any past, present, or future infringement of the Subject Matter, the Applications and Granted Rights, and any other rights assigned by this Assignment.

We authorize the Assignee to apply for and pursue protection for any or all of the Subject Matter, the Applications and Granted Rights, and any other rights assigned by this Assignment in all countries, regions, and territories of the world outside of Germany, in our names or in the Assignee’s name.

We represent and warrant that we have the right and power to make this Assignment and that we have not made and will not make any other assignment that conflicts with this Assignment.

We will communicate to the Assignee (or at the request of the Assignee to other parties) all known facts in any form relating to the Subject Matter, will execute and provide all oaths and declarations, statements, testimony, assignments, powers of attorney, applications, and documents, and will perform all other lawful acts necessary or desirable to secure fully to the Assignee the rights, titles, and interests assigned by this Assignment. We each confirm that we were obligated to make this Assignment to our employer at the time of the filing of the Application.

Alfred Vogel
