TRANSFER AND ASSIGNMENT OF INTELLECTUAL PROPERTY

This Transfer and Assignment of Intellectual Property Agreement ("Assignment") is made and entered into as of 23 April 2013, by and between Robert Reynolds ("Assignor") and Atom Inc, a Delaware corporation ("Assignee").

1. Recitals.

1.1 Assignor is the inventor of the following items of Intellectual Property (the "Intellectual Property") described below:

Patent application entitled:

"IDEAL DIODE April 23 2013,

Derivative Works from the above inventions. "Derivative works" means: (i) for copyrightable or copyrighted material, any translation, abridgement, revision or other form in which an existing work may be recast, transformed or adapted; (ii) for patentable or patented material, any inventions currently owed by Licensor including any improvement thereon and any invention the subject of existing and future US or foreign patent applications, and shall include divisions, continuations, reissues, re-examinations, substitutes, and extensions of the patent identified and patent applications, and if the invention is a combination of inventions and/or claims, then any invention comprised of fewer than all combined components and/or claims; and (iii) for material which is protected by trade secret, any new material derived from such existing trade secret material, including new material which may be protected by copyright, patent and/or trade secret laws in the US or abroad.

2. Terms of Transfer.

2.1 For good and valuable consideration the receipt of which is hereby acknowledged, Assignor hereby assigns and transfers to Assignee all of Assignor's right, title, and interest in the Intellectual Property, together with all derivative rights and all rights to secure registrations, renewals, reissues, and extensions of the copyrights, patents, and trademark rights included therein, if any.

2.2 Warranty of Ownership and Right to Assign. Assignor hereby covenants, warrants, and represents to Assignee that:

(a) Assignor is the sole owner of and has the exclusive right to hold, use, assign, and transfer the Intellectual Property, free and clear of any liens, encumbrances, licenses, or claims of any nature, and has made no agreement, assignment, or other transfer with respect to the Intellectual Property that is in conflict with this Agreement.

(b) Except as specified in Paragraph 1 of this Agreement, no registration or application has been effectuated or is on file with governmental entities with respect to the Intellectual Property.

(c) Assignor agrees to authorize and direct his, her, or its heirs, personal representatives, successors, agents, officers, directors, and assigns to make and execute any instrument and to perform any act that Assignee may deem necessary to perfect this Assignment and to secure the registration, renewal, or extension of the registration of the Intellectual Property, as applicable.

(d) Assignor agrees to take such steps and make such filings as may be necessary or appropriate in the determination of Assignee to effect the transactions contemplated hereby.

4. This Assignment is governed by the laws of the State of California without regard to its conflict of law rules. This Assignment constitutes the entire agreement of the parties with respect to the subject matter hereof and may not be modified or amended without the written agreement of the parties.

In witness whereof, the parties have executed this Assignment by their duly authorized representatives.
