ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, **Arnaud Toni** of San Diego, California (hereinafter referred to as "Assignor") have sold, assigned, transferred and set over and hereby sell, assign, transfer and set over to **Endura Technologies (International) Limited**, organized and existing under and by the virtue of the laws of Ireland and having a place of business at 3rd Floor Cavendish House, Block D, Arran Court, Dublin 7 D07 H5CH, Ireland, and its successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title and interest throughout the world in the invention and improvements which are the subject of an application for United States Patent filed on **September 13, 2019** with Serial Number **16/570,933**, entitled **CAPACITOR CROSS COUPLED 2-PHASE BUCK CONVERTER**, or United States Provisional Patent Application No. 62/731,659, filed on September 14, 2018 entitled CAPACITOR CROSS COUPLED 2-PHASE BUCK CONVERTER, or International Application No. PCT/IB2019/057756, filed on September 14, 2019 entitled CAPACITOR CROSS COUPLED 2-PHASE BUCK CONVERTER, and related applications and patents, this assignment including said applications and any applications claiming priority to or the benefit of the filing of said application, any and all United States and foreign patents granted for any of said inventions or improvements, including all divisions, continuations, reissues, reexaminations, continuations-in-part, extensions thereof, including national stage applications in all designated states for said International Application, and including the right to sue or otherwise bring action and to collect and receive damages therefrom for past infringement thereof, and the right to claim priority based on the filing date of said application and based on the filing date of said provisional patent application and any provisional application of which said application claims the benefit under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and I authorize the Assignee to apply in all countries in my name or in its own name for patents and like rights of exclusion and for inventor's certificates for said inventions and improvements; and I agree for myself and my heirs, legal representatives and assigns, without further compensation, upon request to perform such lawful acts, to promptly provide Assignee with all pertinent facts and documents relating to said invention or application as may be known and accessible to me, to testify in any interference or litigation related to said invention or application and to sign such further applications, assignments,

Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this Assignment.

The Assignor hereby covenants that no assignment, sale, agreement, or encumbrance has been or will be made or entered into which would conflict with this Agreement.

WITNESS my hand this ___3rd___ day of _____December_____, 2020.
