in and to the patent rights therein (including any and all priority rights, title and interest) in the entire United States and all foreign countries, including said identified patent disclosures, patent application(s), pending patent application(s) or granted Letter Patent(s) and any and all applications claiming priority to said application or granted patent, including, without limitation, any and all full utility, divisional, continuing, continuation-in-part, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of the inventions and/or improvements disclosed therein; such assignment and transfer including all rights to sue for past, present and continuing infringement of all of the above-recited and conveyed properties (collectively "Patent Rights");

(II) Agree that said Assignee may apply for and receive Letters Patent for said inventions and/or improvements in its own name; and that, when requested, without charge to but at the expense of said Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all full utility, divisional, continuing, continuation-in-part, substitute, renewal, reissue, and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers-of-attorney and other papers; and communicate to said Assignee, its successors, assigns, and legal representatives, all facts known to the undersigned relating to said improvements and the history thereof; and generally do everything possible which said Assignee, its successors, assigns or legal representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said inventions and/or improvements and for vesting title to said improvements and all applications for patents and all patents on said inventions and/or improvements, in said Assignee, its successors, assigns and legal representatives;

(III) Covenant with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the Patent Rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned; and

[INTENTIONALLY LEFT BLANK]

(IV) Until any and all such aforementioned Patent Rights are assigned to the Assignee, Assignor shall hold such Patent Rights in trust for the sole benefit of the Assignee and Assignee shall have the exclusive world-wide royalty-free right to make, use, sell, sub-license and sue on behalf of the Patent Rights.
