Assignment

Whereas I, Matthew Marcy, with an address of 17644 Ravens Rock Road, Bluemont, VA 20135, hereinafter referred to as Applicant, have invented certain new and useful improvements in apparatus and method(s) related to Vessel Barrier System With Energy Dissipating Unit; and filed the following patent applications thereon: United States provisional patent application SN 62/483934, April 10, 2017; PCT/US2018/026768, April 09, 2018; and United States non-provisional patent application SN 16/603877, November 09, 2019, thereon;

Whereas, Oceanetics, Inc., 520 Ridgely Avenue, Annapolis, MD 21401, herein referred to as Assignee, desires to acquire all of Applicant's rights, title and interest in said invention and said United States provisional patent application SN 62/483934; PCT/US2018/026768; and United States non-provisional patent application SN 16/603877, in any other patent application(s) thereon and patents issuing therefrom, and other rights as described herein;

Therefore, in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is acknowledged, I, Applicant, by these presents do sell, assign and transfer unto Assignee all of my rights to said invention(s) in the United States and worldwide, and all of my rights, title and interest in and to said United States provisional patent application SN 62/483934; PCT/US2018/026768; and United States non-provisional patent application SN 16/603877, and any and all other United States or foreign patent applications on said invention, including but not limited to continuation, continuation-in-part, divisional or reissue applications, and including all rights of priority associated therewith, and to any and all patents which may be granted on any of said applications in the United States or any other country. I hereby authorize and request the Commissioner of Patents and Trademarks or any foreign patent office to issue any of said Patents to Assignee, of Applicant's entire right, title and interest in and to the same, for Assignee's sole use and benefit; and for the use and benefit of its legal representatives, to the full end of the term for which any of said patents may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made. I agree to take such further action and to execute such further documents, including but not limited to assignments, declarations, and/or powers of attorney, as are reasonably necessary to fully vest Assignee with the rights described herein and intended to be conveyed hereby.

Executed this 9TH day of DECEMBER, 2020, at BLUEMONT, VA  
United States.
