ASSIGNMENT

WHEREAS, **Jade S. SCHIFFMAN**, residing in Houston, Texas 77005 USA, and **Richard S. PARENTEAU**, residing in Sunnyvale, California 94087 USA, (hereinafter referred to as Assignors), are the first, original, and co-inventors of certain new and useful inventions, as follows:

Provisional Patent Application No. 62/607,317	Filed December 19, 2017	Multi-Part Eye Test Grid Report for Mobile Device
Publication No. 2019/0183330 (SN 16/225,069)	Publication Date June 20, 2019 (filed Dec. 19, 2018)	Smart Phone Vision Testing System

for which Assignors have filed an application for Patent in the United States Patent and Trademark Office; and

WHEREAS, Assignors are the owners and in full possession of the entire right, title and interest in and to said inventions and in and to any and all corresponding patent applications that have been or may be filed, and any and all Letters Patent that may be granted therefor; and

WHEREAS, **Neuro-Eye Diagnostic Systems, LLC**, a limited liability company duly organized and existing under the laws of the State of Texas, (hereinafter referred to as Assignee), having its principal office and place of business at 2020 Quenby Street, Houston, Texas 77005 USA, is desirous of acquiring the entire right, title, and interest in and to said inventions, said Applications, and in and to any corresponding patent applications that have been or may be filed and in and to any and all Letters Patent that may be granted for or upon said Inventions in the United States of America and all countries foreign thereto; and

NOW, THEREFORE, to all whom it may concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors have sold, assigned and transferred, and by these presents do sell, assign and transfer unto said Assignee the full and exclusive right, title and interest, throughout the world;

in, to and under said Inventions as fully set forth and described in the specifications filed on December 19, 2017, and December 19, 2018, respectively, preparatory to obtaining a Patent of and under said Applications;

in, to and under all refilings, divisions, continuations and continuations-in-part of said Applications in the United States of America;

in, to and under any and all Patents of the United States of America which may issue from said Applications, refilings, divisions, continuations and/or continuations-in-part thereof;

in, to and under any and all reissues of said Patents of the United States of America;

in, to and under any and all applications for Patents upon said Inventions which may hereafter be filed in any and all countries foreign to the United States of America;

in, to and under any and all refilings, divisions, continuations and/or continuations-in-part of said foreign filed applications;

in, to and under any and all Patents of countries foreign to the United States of America, which may issue from the said foreign filed applications, refilings, divisions, continuations and/or continuations-in-part; and

in, to and under any and all extensions of, and additions to, said Patents of countries foreign to the United States of America,

the same to be held and enjoyed by said Assignee for its own use and behalf, and for its successors, legal representatives and assigns, to the full end of the terms for which said Patents

may be granted, and each Assignor does hereby authorize and request the Commissioner of Patents and Trademarks to issue all said Letters Patents of the United States in accordance with this assignment.

1. RIGHTS INCLUDED. The transfer and assignment, as described above, shall also include the right to sue for past infringements of the Inventions disclosed herein, and any patent that may issue therefrom (whether known or unknown), and to hold for Assignee's own use all recoveries had in such suits, without need for accounting to either Assignor. In any such litigation, Assignors shall provide reasonable cooperation, at Assignee's expense.

2. REPRESENTATIONS. Each Assignor represents and warrants that Assignor, has the sole and exclusive ownership interest in and title to the Invention; that each Assignor has not granted to any third party any rights that would conflict, in any material way, with the rights granted herein to Assignee; that, to the knowledge of each Assignor, the Inventions are not being infringed by any third party; and that each Assignor has the right, power, and authority to make the herein assignment. . In the event that QuickCycle Consulting, LLC (518 Kinross Court, Sunnyvale, CA 94087) has any rights in the Invention, PARENTEAU hereby assigns as Managing Partner on behalf of QuickCycle all its interest in and title to the Invention to Assignee.

3. COMMUNICATIONS. Assignors hereby authorize Assignee, with respect to the Inventions and any patent that may issue therefrom, to communicate with the United States Patent & Trademark Office and any foreign office with the same effect as though such communications were made by or with Assignors directly.

4. FURTHER ASSURANCES. Each Assignor agrees to execute and deliver to Assignee and to perform such tasks as Assignee may reasonably require in order to vest in Assignee, full and complete record title to the Inventions disclosed herein and any patent that may issue therefrom. For this limited purpose, each Assignor hereby appoints Assignee as its attorney in fact to execute and deliver to Assignee, on behalf of Assignor, any and all such documents or instruments. This appointment shall be deemed to be a power coupled with an interest and shall be irrevocable.

IN WITNESS WHEREOF, each Assignor has executed this Assignment as of the date below written.
