ASSIGNMENT

In consideration of 10\$ and good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignors named below hereby assign and confirm that they have assigned to the Assignee named below, whose address is as shown below, all of its interest for Canada, the United States and the entire world in the following listed patent applications and/or patents, the inventions described therein, any patent granted from the patent applications, and any patent or patent application claiming domestic or foreign priority from any one or more of the patent applications, including the right to claim priority from the patent applications under any national law or international convention:

Title: TUBING DRAIN WITH BURST INNER BODY

Canadian Patent application No. 3,098,850 **filed** 11/12/2020

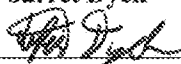

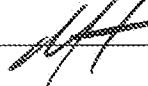

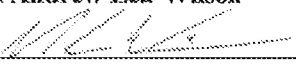

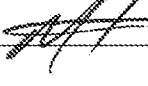

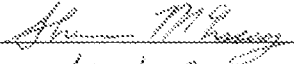

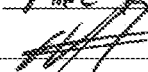

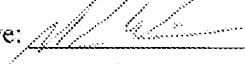

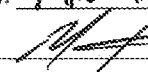

United States application No. 17/111,412 **filed** 12/03/2020

(Lambert Intellectual Property Law or any other agent duly authorized to represent the assignee before the respective patent offices, is hereby authorised to correct any typographical errors or any omitted information in this assignment including the application serial number and filing date.)

Assignor agrees that it will, without further consideration, but at the expense of Assignee, do all such things and execute all such documents as may be necessary or desirable to obtain and maintain patents for the inventions and for additions and modifications thereto in any country.

Assignor represents that it enters into this assignment as its own free act, and consents to disclosure of all personal information contained herein to the extent required to prosecute, maintain and enforce the rights assigned.

This assignment is governed by the laws of Alberta, Canada. This assignment may be signed in counterparts.
