ASSIGNMENT

WHEREAS, we, **Billie Cyril Hudson III**, a citizen of the United States of America residing in Georgetown, TX; **Eugene Cannon Kane II**, a citizen of the United States of America residing in North Canton, OH (hereinafter "ASSIGNORS"), have invented certain inventions and improvements disclosed in an application for Letters Patent entitled "Semi-Automatic Pistol", filed in the United States Patent and Trademark Office on January 29, 2018 and assigned U.S. Application Serial No. 15/882,701 (We hereby authorize the insertion of the application and filing date number into this form when they become known);

WHEREAS, Skunk Labs, LLC, a corporation of the State of Texas having a principal place of business at 302 Deepwood Drive, Georgetown, TX 78628 (hereinafter "ASSIGNEE"), is desirous of acquiring an interest in the same;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ASSIGNORS, by these presents do sell, assign and transfer unto ASSIGNEE, the full, exclusive, and entire right, title, and interest in and to said application, in and to any divisions, continuations, and reissues thereof, and to any utility or design patent application claiming the benefit of priority to said application, and in and to all inventions and improvements disclosed and described in said application, preparatory to obtaining Letters Patent of the United States therefore, if and to the extent that ASSIGNORS have not already sold, assigned, and transferred such rights to ASSIGNEE; and ASSIGNORS hereby request the Commissioner of Patents and Trademarks to issue any and all Letters Patent of the United States resulting from said application, or from a division, continuation, or reissue thereof, and to any utility or design patent application claiming the benefit of priority to said application, to ASSIGNEE, as the assignee, for its interest and for the sole use and benefit of ASSIGNEE and its assigns and legal representatives;

For the same consideration, ASSIGNORS, by these presents do sell, assign, and transfer to ASSIGNEE, the full, exclusive, and entire right, title and interest in and to any foreign application or applications corresponding to said application, in whole or in part, in countries other than the United States, in and to any Letters Patent and similar protective rights granted on said foreign applications, and in and to the right to claim any applicable priority rights arising from or required for said foreign applications under the terms of any applicable conventions, treaties, statutes, or regulations, if and to the extent that ASSIGNORS have not already sold, assigned, and transferred such rights to ASSIGNEE; said foreign applications to be filed and issued in the name of ASSIGNEE, or its designee insofar as permitted by applicable law.

AND, for the same consideration, ASSIGNORS agree to sign all lawful papers, execute all division, continuation, reissue, and other applications, make all assignments and rightful oaths, and

generally do everything possible to aid ASSIGNEE, its successors, assigns, and nominees, to obtain proper protection for all said inventions and improvements in all countries throughout the world.
