ASSIGNMENT

WHEREAS, David Scott Taubman, Reji Kuruvilla Mathew and Aous Thabit Naman, hereinafter called the "Assignors", have made the invention described in Australian Application Nos. 2016901947 filed 23 May 2016; 2016902956 filed 27 July 2016; 2016903093 filed 5 August 2016; 2016904209 filed 17 October 2016 and 2017900628 filed 24 February 2017, PCT Application No. PCT/AU2017/050484 filed May 23, 2017 and in the United States patent application entitled A METHOD AND APPARATUS FOR IMAGE COMPRESSION, executed by Assignors on the same date as, or on a date prior to, this Assignment,

WHEREAS, Kakadu R & D Pty Ltd, a corporation organized and existing under the laws of Australia, having a place of business at G311, 780 Bourke Street, Redfern, NSW 2016, Australia, hereinafter called the "Assignee", desires to acquire the entire right, title and interest in and to the invention and the patent applications identified above, and all patents which may be obtained for said invention, as set forth below:

NOW, THEREFORE, be it known that for good, valuable, and legally sufficient consideration, the receipt of which by the Assignors from the Assignee is hereby acknowledged, the Assignors have sold, assigned and transferred, and by these presents do sell, assign and transfer to the Assignee, the entire right, title and interest for the United States in and to the invention and the patent applications identified above, and any patents that may issue for said invention in the United States; together with the entire right, title and interest in and to said invention and all patent applications and patents issuing therefrom in all countries foreign to the United States, including the full right to claim for any such application all benefits and priority rights under any applicable convention; together with the entire right, title and interest in and to all continuations, divisions, renewals and extensions of any of the patent applications and patents defined above; together with the right to recover all damages, including, but not limited to, a reasonable royalty, by reason of past, present, or future infringement or any other violation of patent or patent application rights; to have and to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term or terms for all such patents.

The Assignors hereby covenant and agree, for both the Assignors and the Assignors' legal representatives, that the Assignors will assist the Assignee in the prosecution of the patent application identified above; in the making and prosecution of any other patent applications that the Assignee may elect to make covering the invention identified above; in vesting in the Assignee like exclusive title in and to all such other patent applications and patents; and in the prosecution of any interference which may arise involving said invention, or any such patent application or patent; and that the Assignors will execute and deliver to the Assignee any and all additional papers which may be requested by the Assignee to carry out the terms of this Assignment.

The Commissioner of Patents and Trademarks is hereby authorized and requested to issue patents to the Assignee in accordance with the terms of this Assignment.

IN TESTIMONY WHEREOF, the Assignors have executed this agreement.
