HECHLER, Simon, Mr.  
Richard-Wagner-Straße 8  
66111 Saarbrücken, Germany

KUBALL, Alexander, Mr.  
Dudweilerstraße 71  
66111 Saarbrücken, Germany

for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does hereby assign the entire *United States, Canadian* and worldwide right, title and interest in to:

The Assignee:

Amorphous Metal Solutions GmbH (German Corporation)  
Michelinstraße 9  
66424 Homburg, Germany

for a patent application entitled **"APPARATUS AND METHOD FOR PRODUCING A CAST PART FORMED FROM AMORPHOUS OR PARTIALLY AMORPHOUS METAL, AND CAST PART"** as fully described and claimed in a PCT patent application PCT/EP2019/066761 filed on June 25, 2019;

any and all applications for Letters Patent and Industrial Design of Canada or the United States of America which have been or may be filed, based either in whole or in part upon any or all of said designs, inventions or discoveries, including all rights of priority under the International Convention in foreign countries and the right to file and prosecute such applications; and any and all Industrial Designs and Letters Patents which have been or may be granted by that based either in whole or in part upon any or all of said designs, inventions or discoveries on said applications.

### III. Rights Transferred

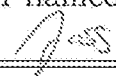

The Assignor transfers to the Assignee all rights received in the Assignment recorded on the same day as filing of this application at the U.S. Patent Office TO HAVE AND TO HOLD the same with all the rights and privileges enjoyed the undersigned or which would have been enjoyed by the undersigned had it not hereby assigned. And the undersigned hereby authorizes and requests the Commissioner of Patents in the United States of America, or other proper office, to issue any and all such Letters Patent to the Assignee herein named. And the undersigned hereby covenants, for itself and its legal representatives and assigns, that it neither has executed nor will execute any instrument or perform any act in conflict herewith, and that it, and its heirs, legal representatives, and assigns, will at all times do such acts and execute such papers, without expense to itself, as from time to time may be necessary or useful to apply for, secure, defend, maintain, reissue, or extend any or all of said Letters Patent, to secure for said Assignee the full benefits of said inventions or discoveries, or otherwise to carry into full force and effect the text and intent of this assignment.

We, the assignors, hereby transfer all rights, title, and ownership to the Assignee for the properties listed above -
