PATENT ASSIGNMENT

This Patent Assignment ("Patent Assignment") is made and entered into as of the execution date below ("Effective Date").

WHEREAS, Michael R. Neubauer, an individual residing at 15260 SW 119th Terr., Miami, FL 33196 ("Assignor") has invented certain new and useful improvements (the "Inventions") as described in the United States Provisional and Non-Provisional patent applications listed in Schedule A and foreign patent applications listed in Schedule B hereto (collectively the "Patent Applications");

WHEREAS, SpinLabel Technologies, Inc, a corporation organized under the laws of the State of Delaware, ("Assignee") is desirous of acquiring the entire right, title, and interest in, to, and under said Inventions and Patent Applications, and in, to, and under any additional Letters Patent that may be obtained for said Inventions, together with all foreign rights corresponding thereto, as hereinafter more fully set forth.

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that, for good and valuable and legally sufficient consideration, the receipt of which by Assignor from Assignee is hereby acknowledged, Assignor hereby sells, assigns, and transfers unto Assignee his entire right, title, and interest, including the right to sue for past, present, and future infringement, in, to, and under said Inventions and Patent Applications and any additional Letters Patent of the United States of America that may be obtained in respect thereof; any additional corresponding applications for any additional Letters Patent and any additional Letters Patent therefor in all other areas of the world; and any reissues, renewals, extensions, substitutions, confirmations, divisions, and continuations of any of the foregoing (hereinafter "Invention Rights"), to have and to hold for the sole and exclusive use and benefit of Assignee forever.

Assignor hereby covenants and agrees, for himself and for his respective legal representatives, to assist and cooperate with Assignee at Assignee's expense in the preparation and prosecution of any applications included within the Invention Rights and in the prosecution or defense of any interference, opposition, or other proceeding that may arise in connection with any applications of Letters Patent included within the Invention Rights and further to execute and deliver to Assignee any and all additional papers that may be requested by Assignee for the purpose of implementing the terms of this Assignment.

Assignor hereby authorizes and empowers Assignee to invoke and claim for any applications or Letters Patent included within the Invention Rights the benefit of any rights to which Assignor might be entitled under international law or under the laws of any particular country (such as, without limitation, the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable) and to invoke and claim said rights without further written or oral authorization from Assignor.

Assignor hereby consents that a copy of this Assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file, or like document that may be required in

any particular country for any purpose and more particularly in proof of the right of Assignee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended.

Assignor covenants and agrees that this Assignment and all of the terms hereof shall inure to the benefit of the successors, assigns, legal representatives, or nominees of Assignee, without further written or oral authorization from Assignor.

Assignor represents he has the rights, titles, and interests to convey as set forth herein, and covenants with Assignee that Assignor has not made and will not hereafter make any assignment, grant, mortgage, license, or other agreement affecting the rights, titles, and interests herein conveyed.

Assignor hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any country or countries foreign to the United States, whose duty is to issue patents or other evidence or forms of industrial property on applications as aforesaid, to issue the same to Assignee, its successors, assigns and legal representatives, or to such nominees as it may designate.
