## PATENT ASSIGNMENT

This Assignment of patent rights is effective as of the 13th day of January 2016, by and among Giant Project, Inc., a Missouri corporation located at 5917 Shortleaf Court, St. Louis, Missouri 63128, United States of America, ("Assignor"), and ProXR, LLC, a Missouri limited liability company located at 5917 Shortleaf Court, St. Louis, Missouri 63128, United States of America, ("Assignee").

WHEREAS, Assignor has agreed to and do hereby sell, assign, and transfer unto said ASSIGNEE the entire right, title, and interest in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto in and to said inventions listed as Exhibit A, said United States application, any other United States applications (including provisional, non-provisional, divisional, continuing, or reissue applications) based in whole or in part on said United States application or in whole or in part on said invention, any foreign applications based in whole or in part on any of the aforesaid United States applications or in whole or in part on said invention, and any and all patents (including extensions thereof) of any country which have been or may be granted on any of the aforesaid applications or on said invention or any part thereof;

WHEREAS, said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by me had no sale and assignment of said interest been made;

AND Assignor hereby authorize and request the Commissioner of Patents of the United States of America to issue any and all United States patents which may be granted upon said United States applications or any of them, or upon said invention or any part thereof, to said ASSIGNEE;

Assignor agrees to take any further action reasonably necessary to assist Assignee in recording the transfer of the property listed as Exhibit A.

IN WITNESS WHEREOF, I have hereunto set my hand.
