ASSIGNMENT

In consideration of good and valuable consideration, the receipt of which is hereby acknowledged, I, the undersigned inventor: **Richard Ralph Buell**, citizen of the United States (hereinafter "the Assignor"),

hereby sells, assigns, and transfers to:

Eaton Intelligent Power Limited

an organization having a principal place of business at 30 Pembroke Road, Dublin 4, Ireland, and its successors, assigns, and legal representatives (together and individually hereinafter "the Assignee"), the entire right, title, and interest throughout the world in the inventions and any and all improvements thereof which are the subject of the following United States patent application entitled:

CURRENT TRANSFORMER POWERED CONTROLLER

which has been executed by the Assignor prior hereto or concurrently herewith on the date(s) indicated below, and

which was filed on February 19, 2020 as
United States Application Number 62/978,383 and

in and to said application and all divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States and all foreign countries on any of said improvements; and in and to all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on said improvements; and in and to all rights of priority resulting from the filing of said United States application; and the right to claim priority based on said application under the International Convention for the Protection of Intellectual Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes;

and the Assignor agrees that said Assignee may apply for and receive a patent or patents for said inventions and any and all improvements thereof in its own name; and that, when requested, without charge to, but at the expense of, said Assignee, to carry out in good faith the intent and purpose of this Assignment, the Assignor and its heirs, legal representatives and assigns will execute all non-provisional applications, divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions and all other patent applications on any and all said inventions and any and all improvements thereof; execute all rightful oaths, assignments, powers of attorney, and other papers;

communicate to said Assignee all facts known to the Assignor relating to said improvements and the history thereof; and generally assist said Assignee in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements, and all applications for patents and all patents on said improvements, in said Assignee;

and the Assignor covenants with said Assignee that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by the Assignor and that full right to convey the same as herein expressed is possessed by the Assignor;

and the Assignor hereby authorizes an attorney associated with Customer Number 123815 or other representatives of Assignee to insert hereon any further identification necessary or desirable for the recording of this Assignment, including, without limitation, any applicable patent or patent application number.
