PATENT ASSIGNMENT

WHEREAS, ROBERT SAFARI (“Assignor”) is an inventor of U.S. Patent 9,351,522, issued 31 May 2016 for Cartomizer E-Cigarette (the “Assigned Patent”), and

WHEREAS, SWISSX USA., having a place of business at 23768 Malibu Road, Malibu, CA 90265 (“Assignee”) desires to acquire all rights in and to the Assigned Patent (including any reissues or extensions) that may be granted therefrom.

THEREFORE, for good valuable consideration, the sufficiency and receipt of which is acknowledged, Assignor assigns to Assignee the entire right, title, and interest in the invention and Assigned Patent, including any and all such rights in any divisions, continuations in whole or part, substitute applications, reissues, and renewals thereof, to Assignee for the entire term of any granted patent and any reissues or extensions that may be granted and for the entire terms of any and all foreign patents that may issue from foreign applications (as well as divisions, continuations in whole or part, or substitute applications) filed claiming the benefit of the Assigned Patent.

The right, title, and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made.

Assignor further agrees to: (a) execute, verify, acknowledge, and deliver all such further papers, including patent applications and instruments of transfer; and (b) perform such other acts as Assignee lawfully may request to maintain the Patent for the invention in any and all countries.
