INTELLECTUAL PROPERTY SECURITY AGREEMENT

This **INTELLECTUAL PROPERTY SECURITY AGREEMENT** (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, this “IP Security Agreement”), dated December 21, 2020 is between the Person listed on the signature pages hereof (the “Grantor”) and Wells Fargo Bank, National Association, as collateral agent (the “Collateral Agent”) for the Secured Parties (as defined in the Credit Agreement referred to below).

WHEREAS, Woof Holdings, Inc., a Delaware corporation (the “Parent Borrower”), Woof Intermediate, Inc., a Delaware corporation (“Holdings”), and the other Borrowers and Guarantors from time to time party thereto have entered into the ABL Credit and Guarantee Agreement, dated as of December 21, 2020 (as amended, restated, amended and restated, supplemented, replaced, refinanced or otherwise modified from time to time, the “Credit Agreement”), with the lenders and financial institutions from time to time party thereto and Wells Fargo Bank, National Association, as Administrative Agent and Collateral Agent. Capitalized terms defined in the Credit Agreement or in the Security Agreement (as defined below) and not otherwise defined herein are used herein as defined in the Credit Agreement or the Security Agreement, as the case may be (and in the event of a conflict, the applicable definition shall be the one given to such term in the Security Agreement).

WHEREAS, as a condition precedent to the making of the Revolving Loans by the Lenders from time to time, the entry into Secured Swap Agreements by the Hedge Providers from time to time and the entry into Secured Cash Management Agreements by the banks or other financial institutions providing Cash Management Services from time to time, the Grantor has executed and delivered that certain ABL Security Agreement, dated December 21, 2020 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”), among the Grantor from time to time party thereto and the Collateral Agent.

WHEREAS, under the terms of the Security Agreement, the Grantor has granted to the Collateral Agent, for the benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Grantor, and have agreed thereunder to execute this IP Security Agreement for recording with the USPTO and/or the USCO, as applicable.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

A. Grant of Security. The Grantor, as security for the payment or performance, as the case may be, in full of the Secured Obligations, the Grantor hereby collaterally assigns and pledges to the Collateral Agent (and its successors and permitted assigns), for the benefit of the Secured Parties, and the Grantor, hereby grants to the Collateral Agent (and its successors and permitted assigns), for the benefit of the Secured Parties, a security interest in and to all of the Grantor’s right, title and interest in and to the following, whether now owned or hereafter acquired by the undersigned (the “Collateral”):

- a. all Patents, including, without limitation, those set forth on Schedule A hereto;

b. all Trademarks, including, without limitation, those set forth on Schedule B hereto (provided that no security interest shall be granted in United States intent-to-use trademark applications to the extent that, and so long as, the creation of a security interest therein or the assignment thereof would result in the loss of any material rights therein), together with the goodwill symbolized thereby;

c. all Copyrights, whether registered or unregistered, including, without limitation, the copyright registrations and applications set forth on Schedule C hereto;

d. all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of the Grantor accruing thereunder or pertaining thereto;

e. any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

f. any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing; provided that notwithstanding anything to the contrary contained in the foregoing clauses (a) through (f), the security interest created hereby shall not extend to, and the term "Collateral" shall not include, any Excluded Property.

B. Security for Obligations. The grant of a security interest in the Collateral by the Grantor under this IP Security Agreement secures the payment of all Secured Obligations of the Grantor now or hereafter existing under or in respect of the Secured Documents (as such Secured Documents may be amended, restated, amended and restated, supplemented, replaced, refinanced or otherwise modified from time to time (including any increases of the principal amount outstanding thereunder)). Without limiting the generality of the foregoing, this IP Security Agreement secures, as to the Grantor, the payment of all amounts that constitute part of the Secured Obligations that would be owed by the Grantor to any Secured Party under the Secured Documents but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, or reorganization or similar proceeding involving a Loan Party.

C. Recordation. The Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks record this IP Security Agreement.

D. Execution in Counterparts; Effectiveness of Facsimile or Electronic Documents and Signatures. This IP Security Agreement may be executed in any number of counterparts and by the different parties hereto on separate counterparts, each of which when so executed and delivered shall be an original, but all of which shall together constitute one and the same instrument. A set of counterparts executed by all the parties hereto shall be lodged with the Borrower and the Collateral Agent. This IP Security Agreement may be executed by means of (a) an electronic signature that complies with the federal Electronic Signatures in Global and National Commerce Act, state enactments of the Uniform Electronic Transactions Act, or any other relevant

and applicable electronic signatures law; (b) an original manual signature; or (c) a faxed, scanned, or photocopied manual signature. Each electronic signature or faxed, scanned, or photocopied manual signature shall for all purposes have the same validity, legal effect, and admissibility in evidence as an original manual signature.

E. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. The Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this IP Security Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

F. Governing Law; Jurisdiction; Etc. Section 12.08 (*GOVERNING LAW; SUBMISSION TO JURISDICTION; VENUE; WAIVER OF JURY TRIAL*) of the Credit Agreement is hereby incorporated by reference, *mutatis mutandis*.

G. ABL/Term Loan Intercreditor Agreement. Notwithstanding any provision to the contrary in this IP Security Agreement (but without expanding the scope of the Collateral as set forth in this IP Security Agreement and the Credit Agreement), the lien and security interest granted to the Collateral Agent, for the benefit of the Secured Parties, herein and the exercise of any right or remedy by the Collateral Agent hereunder are subject to the provisions of the ABL/Term Loan Intercreditor Agreement (or any other intercreditor agreement entered into by the Collateral Agent in accordance with Section 11.10 of the Credit Agreement). In the event of any conflict or inconsistency between the provisions of the ABL/Term Loan Intercreditor Agreement (or any other intercreditor agreement entered into by the Collateral Agent in accordance with Section 11.10 of the Credit Agreement) and this IP Security Agreement, the provisions of such intercreditor agreement shall prevail. Notwithstanding the foregoing, each Grantor expressly acknowledges and agrees that the ABL/Term Loan Intercreditor Agreement (or any other intercreditor agreement entered into by the Collateral Agent in accordance with Section 11.10 of the Credit Agreement) is solely for the benefit of the parties thereto, and that notwithstanding the fact that the exercise of certain of the Collateral Agent's and the other Secured Parties' rights under this IP Security Agreement and the other Loan Documents may be subject to the ABL/Term Loan Intercreditor Agreement (or any other intercreditor agreement entered into by the Collateral Agent in accordance with Section 11.10 of the Credit Agreement), no action taken or not taken by the Collateral Agent or any other Secured Party in accordance with the terms of the ABL/Term Loan Intercreditor Agreement (or any other intercreditor agreement entered into by the Collateral Agent in accordance with Section 11.10 of the Credit Agreement) shall constitute, or be deemed to constitute, a waiver by the Collateral Agent or any other Secured Party of any rights such Person has with respect to any Grantor under any Loan Document and except as specified herein, nothing contained in the ABL/Term Loan Intercreditor Agreement (or any other intercreditor agreement entered into by the Collateral Agent in accordance with Section 11.10 of the Credit Agreement) shall be deemed to modify any of the provisions of this IP Security Agreement and the other Loan Documents, which, as among the other Grantors, the Collateral Agent and the other Secured Parties, shall remain in full force and effect.

* * * * *

IN WITNESS WHEREOF, each Grantor and the Collateral Agent have caused this IP Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first written above.
