## INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT, dated as of December 23, 2020 (as amended, restated, amended and restated, supplemented or otherwise modified or replaced from time to time, this "IP Security Agreement"), is made by SSP MIDCO, LLC, a Delaware limited liability company ("Borrower"), SSP INNOVATIONS HOLDINGS, LLC, a Delaware limited liability company ("Holdings"), SSP-WIND LAKE, LLC, a Delaware limited liability company ("SSP Wind"), SSP INNOVATIONS, LLC, a Delaware limited liability company ("SSP Innovations"), TADPOLE CARTESIA, INC., a Delaware corporation ("Tadpole"), 3-GIS, LLC, an Alabama limited liability company ("3-GIS" and, together with the Borrower, Holdings, SSP Wind, SSP Innovations and Tadpole, each a "Grantor" and, collectively, the "Grantors"), in favor of KEYBANK NATIONAL ASSOCIATION, a national banking association, as administrative agent for the benefit of the Lenders (in such capacity, together with its participants, successors and assigns, the "Agent").

WHEREAS, pursuant to the Credit and Security Agreement, dated as of the date hereof, by and among the Grantors, the Agent and the Lenders (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), the Lenders have agreed to make extensions of credit to the Borrower upon the terms and subject to the conditions set forth therein. Capitalized terms used and not otherwise defined herein have the meanings given such terms in the Credit Agreement.

WHEREAS, under the terms of the Credit Agreement, the Grantors have granted to the Agent, for the benefit of the Lenders, a security interest in all of the Grantors' right, title, and interest in and to certain Collateral, including all of Grantors' copyrights, trademarks, and patents, as applicable, and has agreed as a condition thereof to execute this IP Security Agreement with respect to certain of its copyrights, trademarks, and patents in order to record the security interests granted therein with the United States Copyright Office or United States Patent and Trademark Office, as applicable (or any successor office or other applicable government registry).

NOW, THEREFORE, in consideration of the premises and the covenants hereinafter contained and to induce the Lenders to make the Loans under the Credit Agreement, the parties hereto agree as follows:

1. Grant of Security. Grantor hereby grants to the Agent, for the benefit of the Lenders, a security interest in all of Grantor's right, title and interest in and to the following, as collateral security for the prompt and complete payment and performance when due (whether at the stated maturity, by acceleration or otherwise) of Grantor's Obligations:

(a) all Intellectual Property Rights identified in Schedule 1 and the goodwill of the business connected with the use of, and symbolized by, each such copyrights, trademarks, and patents, as applicable; and

(b) the right to sue or otherwise recover for any and all past, present and future infringements and misappropriations of any of the property described in clause (a) above, and all income, royalties, damages and other payments now and hereafter due and/or payable

with respect to any of the property described in clause (a) above; provided that no grant of security interest herein shall include any Excluded Assets.

Grantor and Agent hereby acknowledge and agree that the security interest in the foregoing Intellectual Property Rights (i) may only be terminated in accordance with the terms of the Credit Agreement and (ii) is not to be construed as an assignment of such Intellectual Property Rights.

2. Recordation. Grantor authorizes Agent to request that the Register of Copyrights, the Commissioner for Patents or the Commissioner for Trademarks, as applicable, and any other applicable United States or foreign government officer record this IP Security Agreement.

3. Execution in Counterparts. This IP Security Agreement may be executed in any number of counterparts (including by telecopy or other electronic transmission), each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

4. Governing Law. Section 12.21 of the Credit Agreement is incorporated *mutatis mutandis*.

5. Conflict Provision. This IP Security Agreement has been entered into in conjunction with the provisions the Credit Agreement. The rights and remedies of each party hereto with respect to the security interest granted herein are without prejudice to, and are in addition to those set forth in the Credit Agreement, all terms and provisions of which are incorporated herein by reference. In the event that any provisions of this IP Security Agreement are in conflict with the Credit Agreement, the provisions of the Credit Agreement, as applicable, shall govern.

6. Notice. Section 12.4 of the Credit Agreement is incorporated *mutatis mutandis*.

[signature pages follow]

IN WITNESS WHEREOF, the undersigned has caused this IP Security Agreement to be duly executed and delivered as of the date first above written.
