Confirmation/Assignment

This Confirmation/Assignment ("ASSIGNMENT") is made and entered into by and between the following person(s), William Tenorio (individually and/or collectively, "ASSIGNOR"), and Inventus Power, Inc., a Delaware corporation having a place of business at 1200 Internationale Parkway, Woodridge, IL 60517 USA ("ASSIGNEE").

ASSIGNOR has invented ornamental subject matter ("DESIGN") disclosed and/or claimed in a design application titled "Battery" ("APPLICATION"). To the extent not already included below, ASSIGNOR authorizes and requests ASSIGNEE and its authorized legal representatives, to insert any of the following additional information relating to the APPLICATION:

Application Number: 29/751,196; 29/751,200; 29/751,235; 29/751,236

Filing Date: September 18, 2020 (for all)

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR confirms that ASSIGNOR did (under the law of the jurisdiction(s) where the DESIGN was conceived, reduced to practice and/or made, or under another agreement with ASSIGNEE) sell, assign and transfer all right, title and interest everywhere in the world: (a) in and to the DESIGN, (b) in and to the APPLICATION, its predecessor, continuing and counterpart applications everywhere in the world, and (c) in and to any design patents, design registrations, international design registrations, industrial designs, unregistered design rights, copyrights and legal equivalents, reissues, extensions and renewals thereof everywhere in the world which may be granted for the DESIGN, including but not limited to the right to claim priority to and from any of the above, and the right to sue for past damages for any of the above ((a)-(c) collectively, "DESIGN PROPERTIES"). To the extent any rights remain with ASSIGNOR, ASSIGNOR now does sell, assign and transfer to ASSIGNEE all right, title and interest, everywhere in the world, in and to the DESIGN PROPERTIES.

ASSIGNOR agrees that ASSIGNEE may apply for and/or receive DESIGN PROPERTIES in its own name. ASSIGNOR authorizes and requests the U.S. Patent and Trademark Office and/or any other proper officer or agency of any jurisdiction to record the ASSIGNMENT and issue DESIGN PROPERTIES to ASSIGNEE.

ASSIGNOR warrants and covenants that ASSIGNOR either had or does have the full right to convey the entire interest herein assigned at the time of the sale, assignment and/or transfer. ASSIGNOR warrants and covenants that ASSIGNOR has not executed and will not execute any conflicting sale, assignment and/or transfer. The ASSIGNMENT shall be binding

upon and inure to the benefit of ASSIGNOR and ASSIGNEE, and their respective successors and assigns.

ASSIGNOR agrees to communicate to ASSIGNEE and its authorized legal representatives any pertinent facts known to ASSIGNOR respecting the DESIGN PROPERTIES, to execute all divisional, continuation, renewal, reissue and foreign applications, sign all lawful documents and make all rightful oaths and declarations relating to the DESIGN PROPERTIES, sign all lawful documents which ASSIGNEE shall consider desirable for aiding in securing and maintaining proper protection for the DESIGN and—at ASSIGNEE's sole expense—to testify in any judicial and/or administrative proceeding and generally do everything possible to aid ASSIGNEE to obtain, protect and enforce the DESIGN PROPERTIES. ASSIGNOR's obligations under the ASSIGNMENT shall continue beyond the termination of ASSIGNOR's employment with ASSIGNEE. The ASSIGNMENT is effective on the date of full execution below. Authorized legal representatives may execute the ASSIGNMENT on behalf of ASSIGNOR or ASSIGNEE.

ASSIGNOR accepts the terms and conditions of the ASSIGNMENT:
