- (i) all of its Patents and all Patent Licenses to which it is a party, including, but not limited to, those set forth on **Schedule A** hereto;
- (ii) all of its Trademarks and all Trademark Licenses to which it is a party, including, but not limited to, those set forth on **Schedule B** hereto, together with all goodwill of the business connected with the use of, and symbolized by, each Trademark and each Trademark License;
- (iii) all of its Copyrights and all Copyright Licenses to which it is a party, including, but not limited to, those set forth on **Schedule C** hereto;
- (iv) all reissues, divisions, continuations, continuations-in-part, extensions, renewals, and reexaminations of any of the foregoing, all rights in the foregoing provided by international

treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of the Debtors accruing thereunder or pertaining thereto;

- (v) any and all claims for damages and injunctive relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or injury with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and
- (vi) any and all products and proceeds of, collateral for, income, royalties, and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing. Except as may be set forth on Schedule B to the Security Agreement hereto, the Debtor is the sole owner of the Collateral, free and clear of any liens, security interests, encumbrances, rights or claims, and is fully authorized to grant the first priority security interest in the Collateral. Except as set forth on Schedule B to the Security Agreement, there is not on file in any governmental or regulatory authority, agency or recording office an effective financing statement, security agreement, license or transfer or any notice of any of the foregoing (other than those that will be filed in favor of the Secured Party pursuant to this Agreement) covering or affecting the Collateral. So long as this Agreement shall be in effect, the Debtor shall not execute and shall not knowingly permit to be on file in any such office or agency any such financing statement or other document or instrument (except to the extent filed or recorded as of the date hereof or in favor of the Secured Party pursuant to the terms of this Agreement).

Notwithstanding the foregoing, nothing herein shall be deemed to constitute an assignment of any asset which, in the event of an assignment, becomes void by operation of applicable law or the assignment of which is otherwise prohibited by applicable law (in each case to the extent that such applicable law is not overridden by Sections 9-406, 9-407 and/or 9-408 of the UCC or other similar applicable law); provided, however, that, to the extent permitted by applicable law, this Agreement shall create a valid security interest in such asset and, to the extent permitted by applicable law, this IP Security Agreement shall create a valid security interest in the proceeds of such asset.

SECTION 3. Security for Obligations. The grant of a first priority security interest in the Collateral by the Debtors under this IP Security Agreement and associated intercreditor agreement secures the prompt and complete payment and performance when due of all of the Obligations, whether direct or indirect, now existing or hereafter arising, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, guarantee obligations, indemnifications, contract causes of action, costs, expenses, or otherwise.

SECTION 4. Recordation. Each of the Debtors authorizes and requests that the Register of Copyrights, the Commissioner for Patents, the Commissioner for Trademarks and any other applicable governmental authority record this IP Security Agreement.

SECTION 5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Securities Purchase Agreement and the Security Agreement. Each Debtor does hereby acknowledge and confirm that the grant of the first priority security interest hereunder and under the associated intercreditor agreement between the parties to, and the rights and remedies of, Agent with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.

SECTION 6. Future Acquisitions. The Company represents and warrants that Schedules A, B and C attached hereto set forth any and all intellectual property rights in connection to which the Company has registered or filed an application with either the United States Patent and Trademark Office or the United States Copyright Office, as applicable. The Company shall give the Agent prior written notice of no less than five (5) Business Days before filing any additional application for registration of any trademark and prompt notice in writing of any additional trademark registrations, patent registration, or copyright registrations granted therefor after the date hereof. Without limiting the Company's obligations under this paragraph, each of the Debtors hereby authorizes the Agent unilaterally to modify this IP Security Agreement by amending Schedules A, B or C to include any future patents, trademarks, copyrights, licenses thereto or applications therefor of any Debtor. Notwithstanding the foregoing, no failure to so modify this IP Security Agreement or amend Schedules A, B or C shall in any way affect, invalidate or detract from Secured Lender's continuing first priority security interest in all Collateral, whether or not listed on Schedule A, B or C.

SECTION 7. Remedies. If there occurs an Event of Default, the Agent on behalf of the Secured Lenders shall be entitled to exercise any and all remedies available to the Secured Lenders under the Security Agreement for the benefit of all Secured Lenders only upon the written consent or authorization of the Majority in Interest (as defined in the Notes).

SECTION 8. Term of Agreement. This IP Security Agreement shall terminate on the date on which all payments under the Notes have been indefeasibly paid in full. Upon termination of this IP Security Agreement, the Agent shall promptly execute such documents or instruments and take such further actions as the Company or any Debtor may reasonably request for the purposes of releasing the security interests granted herein. Debtor may file any terminations with any applicable office upon such termination date.

SECTION 9. Miscellaneous. Section 19 of the Security Agreement is hereby incorporated herein by reference as if fully set forth herein, mutatis mutandis.

SECTION 10. Governing Law. This IP Security Agreement shall be governed by, and construed and interpreted in accordance with the internal laws of the State of New York, without giving effect to its choice of law provisions that would require the application of another state's laws.

SECTION 11. Execution in Counterparts. This IP Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement

IN WITNESS WHEREOF, each Debtor has caused this IP Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
