ASSIGNMENT

Hickory Springs Manufacturing Company, a corporation organized under and pursuant to the laws of North Carolina, having its principal place of business at 235 2nd Ave. NW, Hickory, NC 28601 (the "Assignor"), is the owner of the right, title, and interest of the inventions and U.S. Patents set forth in the attached Schedule A (the "Patents");

HSM Transportation & Specialty Manufacturing Company, a corporation of Ohio, having its principal place of business at 235 2nd Ave. NW, Hickory, NC 28601 (the "Assignee"), desires to acquire Assignor's right, title and interest in and to the Patents;

For valuable consideration, the receipt and sufficiency of which Assignor acknowledges, Assignor hereby sells, assigns, and transfers to Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to said patents for all original, divisional, continuation, continuation-in-part, substitute or reissue applications and patents applied for or granted therefore in the United States of America and all other countries and the right to claim priority rights deriving from the Application. The Commissioner of Patents and Trademarks is hereby authorized and requested to issue all patents to said Assignee herein, as assignee of the entire interest therein. The Assignor for itself and its legal representatives, heirs and assigns does hereby agree and covenant without further remuneration, to execute and deliver all divisional, continuation, continuation-in-part, reissue and other applications for Letters Patent and all assignments thereof to said Assignee or its assigns, to communicate to said Assignee or its representatives all facts known to the Assignor respecting said invention whenever requested, to testify in any interferences or other legal proceedings in which said application or patent may become involved, to sign all lawful papers, make all rightful oaths, and do generally everything necessary to aid Assignee, its successors, assigns and nominees to obtain patent protection for said inventions in the United States of America and all other countries, the expenses incident to said applications and patents to be borne and paid by said Assignee.

This Assignment may be executed in counterparts.
